State Department Ready To Extend Naval Holiday

ACCEPTANCE IS GIVEN TO GENEVA PLAN

Note Will Be Dispatched Before October 31 Accepting Last Proposal

OTHER POWERS AGREE

Holiday Prolonged in Hope That Progress Will Be Made on Disarming Plan

WASHINGTON, Oct. 21.—(UP)—The state department is preparing to accept the disarmament conference's proposal to extend the international naval holiday until next March.

America will send a note to Geneva signifying its acceptance before October 31, the date when all replies must be there.

Extension of the holiday, which expires November 1, is not expected to curtail the navy's destroyer building program. It will, however, prevent laying the keel of a 10,000 ton cruiser authorized by congress until after March 1.

Twenty-five other powers have accepted the proposal. They include Great Britain and France. Officials here do not know whether Japan has accepted.

The holiday is being prolonged in the hope that by next March 1 progress will have been made toward a general disarmament agreement.

The original naval holiday started in a proposal by the Italian government for a year's agreement not to increase any kind of armaments. This scheme was nullified over the world's fear of a new arms race.

FOREIGN NEWS AT A GLANCE

AFTER TREASURE
BREST, France, Oct. 21.—(UP)—The salvage ship Artiglio, giving up the undersea quest for the golden treasure of the sunken liner Egypt for the winter, was laid up here today after bringing up a total of \$3,750,000 in gold from the wreck. In April, the Artiglio will set out from Brest to seek the remaining treasure aboard, estimated at \$1,600,000.

CONFLICT LOOMS
BOGOTA, Colombia, Oct. 21.—(UP)—Likelihood of armed conflict between Peruvians and Colombians in the upper Amazon was increased today by the Peruvian occupation of the Colombian settlement of Tarapaca on the Putumayo river, according to dispatches received here.

PUT OFF DISCUSSION
MADRID, Oct. 21.—(UP)—Discussion of censorship was postponed indefinitely today by the International Radio and Telegraph conference. The United States, Canada, Mexico and Cuba agreed to cooperate to widen wave bands assigned to broadcasting through reduction of bands assignable to mobile stations.

ON HONEYMOON
COBURG, Oct. 21.—(UP)—Prince Gustaf Adolph of Sweden and his bride, Princess Sybille Calma, were enroute south on their honeymoon today. Their destination was believed to be Italy. The wedding celebration here ended last night with a gala banquet and opera performance.

ADOPT RESOLUTIONS
LONDON, Oct. 21.—(UP)—The preliminary resolutions to make effective the Ottawa Imperial conference agreements were adopted by the House of Commons last night, 451 to 84. Additional votes on the individual resolutions were carried easily by similar majorities.

M'ADOO, IF ELECTED, NOT TO ACCEPT PLACE IN CABINET

Takes Stand Before Big Crowd Here

Declares He Wants to Be U. S. Senator and Not Member of Cabinet

SPEAKING BEFORE a crowd that filled the auditorium of the Santa Ana high school here last night, William Gibbs McAdoo, Democratic candidate for United States senator put a quietus to rumors which had been circulated that he would resign as senator to accept a cabinet position, if both he and Gov. Franklin D. Roosevelt were elected.

"Such statements are foolish. Do you think I would be so foolish as to campaign as I have for these past two weeks just to resign the position? Certainly not. I do not want a cabinet position. I had one once and it nearly cost me my life. I want to be United States Senator from California, so that I can get up on the floor and fight for the things I think this country needs," he declared.

At the same time, McAdoo pointed out that if he was elected, the state of California would not be sending back to Washington a "greenhorn." "You know when you first get back there, like freshmen in college, you're supposed to take a back seat for a year or two, in favor of those who have been there longer," he said. "But I will not. When a need for California arises, even though my seat may be in the rear, I'll jump up and say what I have to say. I'll be your senator from the very beginning." McAdoo also promised that he would be the senator for the Republicans as well as the Democrats, if elected. "I am not going as a Democrat, but as a HOPE IN ROOSEVELT."

Speaking on the issues of the campaign, McAdoo declared that before the depression could end and the products of the soil would have to be re-established and declared that the only hope of the people was in the election of Governor Roosevelt so that the Democratic policies in farm aid could be put into operation.

He discussed the Reconstruction Finance Corporation and declared that he did not believe in it. He pointed out that 6000 banks had closed their doors in the past four years tying up \$3,200,000,000 in deposits, and stated that although the government plan did some service in checking bank failures, that it did not get to the root of the trouble.

BANK ENGLAND CHIEF PAINTS DARK PICTURE

Montagu Norman Says Conditions in World Too Great for Him

LONDON, Oct. 21.—(UP)—Montagu Norman, governor of the Bank of England, who usually speaks in monosyllables and thinks in millions, has broken his traditional silence to picture the world helpless, in the grip of an economic depression "outside control of any man, any government or any country."

Norman was governor of the bank for 10 years before he spoke a single word for publication. The historic occasion when the "Sphinx of Threadneedle street" broke his silence was to announce that the bank had formed a company for the rationalization of industry, called the Bankers' Industrial Development company.

At a banquet at the Mansion house given by the lord mayor to a group of distinguished bankers, he spoke again.

"The difficulties are so vast, so unlimited, that I approach the whole subject not only in ignorance, but in humility," Norman said solemnly. "It is too great for me."

The distinguished audience was astounded at the words of the financial genius with the little pointed beard, sympathetic eyes, and delicate features.

Police Rescue Woman From Mouse

CHICAGO, Oct. 21.—(UP)—Two minutes after a telephone call that a woman was standing, hands upraised on a table in a hand laundry a police squad was careening to the address.

"Thank goodness you arrived," said Mrs. Bess Kutchin from the table when the officers, guns in hand, pushed into the laundry.

"Quick," they asked, "where is the bandit?"

"Bandit?" puzzled Mrs. Kutchin, "there's no bandit here. It's a mouse under the bundle in the corner."

FARMER RELIEF PLANS TOLD BY GOV. ROOSEVELT

Democratic Nominee Talks Before 6000 Followers in Illinois Today

STATE ARSENAL, SPRINGFIELD, Ill., Oct. 21.—(UP)—Fundamental cures which he proposes for the relief of the farmer were outlined in a speech by Gov. Franklin D. Roosevelt, New York, Democratic candidate for president, before an audience here today of more than 6000 Democrats residents of this and other central Illinois agricultural communities.

Roosevelt said that the "great steps which we must take" are:

First—Federal aid for this farmer for a higher return for a certain number of his crops.

Second—Decreased taxation.

Third—Federal aid to prevent foreclosures on farm mortgages.

"I want to call to your attention," the nominee said, "one of the aspects of the great American agricultural problem. More than a month ago at Topeka, Kan., I set forth a comprehensive national program for agricultural relief."

"Today it is my purpose again to discuss this subject and to urge upon it. This program is conceived to meet a condition which can no longer be endured in a nation endowed with so much natural wealth. I include in no formula. I do not attempt the task of giving you into the details of the program, but I do propose, therefore, with the belief that such is the sure way to win your cooperation in the great task that will face the new administration."

"May I also add that I would be the last person to claim sole credit for the program which I have outlined at Topeka, or indeed, anywhere else of which I propose to give you here today. It is a program which I have developed with the wisest leaders of agriculture itself, and I pledge to you a continuance of that cooperation in order that the program may be enacted into law, a law set into operation at the earliest possible moment. No attempt will be made to delay it."

PAYMENTS IN FUTURE ARE NOT CERTAIN

Premier Herriot Calls on American Charge d'Affaires in Paris Today

DEBTS ARE ADMITTED

Assurance of Payment is Made Following Reports in Papers About Defaults

PARIS, Oct. 21.—(UP)—France will pay the debt installment due the United States on Dec. 15 in full, Premier Edouard Herriot assured J. Theodore Marriner, American Charge d'Affaires, today.

Marriner visited the premier after statements had been made in the French papers intimating the payment might be evaded. Herriot told him, however, the government had made no decisions about future debt payments.

The foreign office also announced Herriot insists the French government has made no decision on regulating the debts, beyond the scheduled December payment.

The foreign office described as false verbatim reports printed by the Echo De Paris and other French newspapers concerning Herriot's recent appearance before the finance commission of the Chamber of Deputies. He was quoted as saying France admits the commercial and war stock debts owed to the U. S. but intended to negotiate the political debts.

Herriot insisted, on the contrary, that the government has not deliberated the question and will not do so until after the American presidential election.

M. Bizot, vice director of the movement of funds in the finance ministry, started for London today to talk about the French war debt to Britain with Sir Frederick Leith Ross, British financial expert.

MYSTERY SHIPS PRESIDENT TO TRAIL BATTLE AGAIN ATTACK FLEET TO SEA GOV. ROOSEVELT

Naval Officers Are Frankly Anghered at Spying at Maneuvers

SAN PEDRO, Cal., Oct. 21.—(UP)—Ships have been trailing the United States battle fleet to sea during the past few months, possibly with the intent of spying upon maneuvers, it was learned here today.

Naval officers, who refused to be quoted, have been frankly angered by the persistence of a number of oil tankers flying a foreign flag which have "blundered" upon the scene of maneuvers.

Unable to escape the prying eyes, naval headquarters have announced maneuvers for a certain date, and then have gone through their exercises a day in advance. Only then, it was learned, has the navy been unmoored.

One "mystery ship" in particular has followed the fleet to battle grounds off San Clemente Island. It resembles a tanker, flying no flag and is not registered at any Pacific coast port, officers said. It never has been known to venture within the 12-mile limit of United States ports.

Navy officers admitted they had not talked to any of the intruding ships, hoping that the presence of the tankers at the scene of maneuvers was purely accidental.

But so often do these "accidents" occur, they said, that they are no longer accidents.

PRESIDENT TO TRAIL BATTLE AGAIN ATTACK FLEET TO SEA GOV. ROOSEVELT

Will Launch Another Vigorous Drive on Opponent in Detroit

WASHINGTON, Oct. 21.—(UP)—President Hoover will launch another vigorous attack on Gov. Franklin D. Roosevelt in his speech at Olympia hall in Detroit tomorrow night.

The president will take up the fight he began at Cleveland, O., last Saturday night, when for the first time in this campaign he came directly to grips with the Democratic nominee on the major issues.

He believed that his direct criticism of the New York governor gained him votes. His advisers are telling him the thing to do is keep pounding away along those lines.

Hence, while he will again bring out the record of his administration the "fighting phase" of his Detroit address will be devoted to another pummeling of Governor Roosevelt's tactics and policies. He may discuss his opponent's bonus stand.

Secretary of the Treasury Ogden L. Mills gave an indication of this when he declared that Governor Roosevelt in his Pittsburgh speech Wednesday night "failed to meet the bonus question squarely." Mills said "Roosevelt evaded the question and we don't yet know whether he would sign it."

MOTHER IN LAW OF HOWARD JONES DIES

NORTH HOLLYWOOD, Oct. 21.—(UP)—Mrs. C. L. Dean, 74, mother-in-law of Howard Jones, noted football coach at the University of Southern California, died at her home here early today, after a lingering illness of several months.

The wife of the football mentor was at her mother's bedside. Jones is at Palo Alto where his team plays Stanford university tomorrow.

Mrs. Dean is survived by Mrs. Jones, and two sons, Lyle Dean, of Bisbee, Arizona, and Donald Dean, of North Hollywood.

Funeral arrangements were uncompleted pending the arrival of Jones on Sunday.

CONDITIONS IN STATE CAPITOL BECOME QUIET

Two Weeks of Furious Controversy and Charges Clear Atmosphere

SACRAMENTO, Cal., Oct. 21.—(UP)—After two weeks of furious controversy featured by charges and counter-charges that involved scores of state officials, the state capitol today began to assume a more quiet atmosphere.

While various investigations growing out of the original tempest that blew up when heads of the state department of public works were dismissed continued quietly, at least one of the proposed probes appeared to have died before it was under way.

In a letter to Governor Rolph the California investment bankers turned down a request from the governor that they perform a special audit of the state department of finance in connection with the charges of bond speculation on the part of Rolland A. Vandegriff, state director of finance.

"The letter said the bankers' organization was 'without authority to make such investigation' and the officers are 'wholly without the necessary facilities so to do.'"

In the meantime District Attorney Guard C. Darrah of San Joaquin county is reported to have come to the defense of Col.

HOLLYWOOD CAFE IS RAIDED BY POLICE

HOLLYWOOD, Oct. 21.—(UP)—Federal prohibition agents struck again at Hollywood tonight, early today when they invaded a fashionable rendezvous of movie folks and arrested eight persons.

The Pup cafe was crowded with merry-makers, many of them from the film colony, when the raiders entered. The hostess, reputed owner and seven waitresses were arrested, but guests were allowed to leave after giving their names.

Some of them had tried to retreat through the front doors as officers appeared in the rear, but another group of raiders brushed them back.

The eight suspects were booked at county jail, charged with violating prohibition laws.

200 BOATS BURNED IN FIRE AT PLANT

SAN FRANCISCO, Oct. 21.—(UP)—A four alarm fire which followed an explosion early today destroyed the two-story ship building plant of the G. W. Kneass company and nearly 200 small boats.

Flames leaped high in the air and attracted hundreds of spectators to the scene. All available fire equipment, including a fire boat, were pressed into service to prevent the flames from spreading to the nearby plant of the Union Iron works.

Many cruisers, dories and skiffs were docked beside the boat works, which fronted San Francisco bay. Among the craft destroyed were three large cruisers, five small ones and scores of dories and skiffs.

CHIEF GLASSFORD MAY BECOME ARTIST

WASHINGTON, Oct. 21.—(UP)—From police chief to artist appeared to be the way of Brig. General Pelham D. Glassford's inclination today.

The head of the Washington police force, who resigned yesterday, was understood to be considering renewal of his art work, neglected for the last year. It was reported he plans to exhibit several canvases at the winter exhibition here of the Corcoran Gallery of Art.

VETERAN REPORTER PASSES IN REDDING

REDDING, Cal., Oct. 21.—(UP)—H. F. Baker, veteran newspaperman of Northern California, died here last night after a brief illness.

Baker had been employed on various papers in the state for the past 30 years. He was the brother of the late Ira O. Baker, professor of economics of the University of Illinois.

Baker is survived by two sons, Hiram R. Baker, deputy district attorney of Shasta county, and Ira W. Baker of Rye, New York, and a daughter, Mrs. C. Howard Bent of Kenilworth, Ill.

YOUTH KILLED BY FATHER OF GIRL

PORTLAND, Ore., Oct. 21.—(UP)—A youth identified by papers in his pockets as Elbert Guy Harrington, 19, was shot and killed by the father of a girl he followed home late Thursday night.

Eleanor Soth, 21, told her father, Murray Soth, that the youth followed her home from a bus line and whistled at her. When she went in the house, she said, he stood outside and played a flashlight on her window.

Soth, roused by his daughter, went outside in his night clothes, with his pistol in his hand. When he accosted Harrington, the young man fled and Soth fired one shot at him. It entered his back and Harrington fell dead.

BELIEVE EDUCATOR MARRIED IN NORTH

KELSO, Wash., Oct. 21.—(UP)—A marriage license was issued here Thursday morning to E. T. Sherwood of Los Angeles and Sylvia Wilson, of Seattle. Sherwood, it was believed, may be Elliott Thomas, missing Redondo Beach, Calif., school principal.

As far as could be learned the license was not used in the immediate vicinity of Kelso, and the couple evidently left town immediately after securing it.

Sheriff G. H. Gray of Cowlitz county, was asked by California authorities to investigate and to arrest Sherwood, if he turns out to be Thomas and if he is married again. He has a wife in California, authorities were informed.

DEMOLAY BOYS OF STATE WILL MEET

SAN FRANCISCO, Oct. 21.—(UP)—Several hundred members of De Molay chapters of California will gather at Santa Rosa Sunday to make plans for the 1933 state De Molay convention to be held at Sacramento, James L. Ryburn, San Francisco, state master counselor, announced today.

During the meeting the organization will institute plans to raise funds for erecting in Sacramento the state's first statue of George Washington.

"LIGHTNING PLANT" BUILT AT STANFORD

PALO ALTO, Oct. 21.—(UP)—Seeking insulating material that will withstand heavy shocks of lightning, research engineers at Stanford university have erected an elaborate "lightning plant" to evolve a method of protecting power lines that will carry electricity from Boulder dam.

Huge transformers and condensers capable of developing a 3,000,000 volt spark are in operation, and various types of insulators are being tested. In a public demonstration a 25-foot flash of man-made lightning jumped an insulator and shattered a heavy redwood beam.

SAMUEL INSULL JR. LEAVES FOR LONDON

PARIS, Oct. 21.—(UP)—Samuel Insull Jr. departed for London today after issuing a typed statement saying his trip was private and that his plans to return to the United States in November were unchanged.

His mother remained at the Hotel Lincoln here, where she has been since Samuel Insull Sr. left France for Athens. He is fighting extradition to Chicago on embezzlement charges in connection with the collapse of the Insull Utilities interests.

Samuel Jr. said he would spend two weeks in London, making headquarters at the Park Lane hotel. He refused to comment on any phase of his father's affairs.

BUENOS AIRES, Oct. 21. (To the Editor of The Register.) Well, had a great day today. Saw the real Argentine gauchos do their stuff right out on one of the big estancias. THREE GUESSES

SECRETARY MILLS ASSAILS DEMOCRAT

WASHINGTON, Oct. 21.—(UP)—Secretary of Treasury Mills, defending the administration of federal finances during the last four years, has accused Gov. Franklin D. Roosevelt of making "fantastic statements" in his Pittsburgh speech on government economy.

Mills answered the Democratic presidential nominee's charges of financial extravagance and mismanagement in a statement last night in which he said Governor Roosevelt showed "a complete lack of understanding of the realities."

REPORT THEFT OF 2000 POUND BELL

FARMER RELIEF PLANS TOLD BY GOV. ROOSEVELT

(Continued from Page 1)

by the present administration to settle this first, honest effort to meet the problems of the American farmer can be the essential factor to the root of the evil.

"The three great steps which we must take are first, the federal government must get to agriculture to see that it gets a fair price for its products. That means that the price of farm products must be raised above the present ruinously low levels to which they have fallen. A properly adjusted tariff can do much in this direction, but the present tariff policies of the Republican administration have done precisely the opposite.

"Second, there must be lifted from the backs of every farmer the heavy load of taxation which today weighs upon him.

SUFFERS AS RESULT OF LIQUOR BEATING

(Continued from Page 1)

Completely knocked out, apparently partially by liquor and partly by a severe beating he had sustained, Santos Hernandez, Del Rio, Mexican, was rushed to the county hospital yesterday afternoon by Santa Ana police officers.

His face was badly beaten, apparently the result of a fight, a police report stated. He was so drunk officers were unable to book him at the time he was taken to the hospital. Later in the day he was lodged in the county jail.

Today he appeared before Judge John G. Mitchell in the police court, where he was fined \$15 on a drunk charge. He was allowed to pay his fine on the installment plan by Judge Mitchell.

Another Mexican, a woman, Amelia Rios, 41, of Anaheim, was arrested by police officers on a drunk charge late yesterday afternoon. When she was arrested at 1114 West Fourth street by Officers Holmes and Neer, she was too drunk to be booked, the report stated. She was lodged in the county jail and had not been tried on the charge this morning.

EXPECT CROWD TONIGHT FOR VETS MEETING

Whether they attend the "bean feed" at the Santa Ana cafe at 6:30 o'clock tonight or not, ex-service men and their families today were urged by officers of the Republican Service League to listen to the radio address to be made by John R. Quinn, former national commander of the American Legion, which will be broadcast from San Francisco at 6:45 o'clock.

The radio address, which will be broadcast through KJL of Los Angeles, will be heard by ex-service men and members of Auxiliaries at the meeting tonight.

James S. Howie, secretary of the Los Angeles County Republican League, will address the gathering following the dinner and radio address.

A large crowd is expected at the affair at the cafe tonight as an especially attractive low price has been arranged through the cafe management.

M'ADOO CLAIMS DOESN'T WANT CABINET POST

(Continued from Page 1)

trouble due to the fact that it was a plan which created more wealth, and that this nation would not prosper until new wealth was created.

"The plan merely is to try to hold the situation until some remedy can be found," he said.

"If you give the farmers the same laws you give the manufacturers, things will be better," he said. "And that's the reason the people demand a change this year. I say to you that I firmly believe that Mr. Roosevelt will be elected in November and I am as sure of it as I am that I am speaking to you tonight," he said.

Oil Tariff

Pointing out that Mr. Hoover was a Californian, McAdoo declared that he naturally supposed that the President would be in favor of a tariff on oil. Then he discussed "Uncle Andy" Mellon, describing him as a heavy stockholder in the Gulf Refining company, one of the chief importers of oil into the United States. He also discussed the cheap cost of producing oil in foreign countries and told how the unusually low tariff on oil here allowed foreign oil to be shipped to the United States, replacing on the market oil that could be produced in this country.

"These countries can produce their oil for one third the cost that oil can be produced in California, so naturally they don't want a tariff on oil. Our low tariff has brought about general calamity to our oil industry."

Prior to the influx of foreign cheaply produced oil into the United States California was shipping 225,000 barrels of oil east every day, McAdoo said. Today that number has dropped to 6000 barrels, he said.

"Aside from that it has thrown thousands of men out of work and closed up many of our fields," he said. "If we refuse to put a proper tariff on oil it is nothing more than a misapplication of government and a wrong doing to our people," he said. "Why should there be a discrimination on California oil?" he asked.

Asks 85 Cent Tariff

McAdoo declared that a Democratic house of representatives passed a tariff bill calling for 42 cents per barrel on oil, but that when it went to the Republican senate, chiefly through Senator Smoot, the tariff was cut to 21 cents per barrel and then the president approved the 21 cent figure and signed the bill. If I go to the United States senate I will fight for an 85 cent per barrel tariff," he declared.

Calling the unemployment situation a greater calamity to the country than the war, McAdoo declared it was as inexcusable had the right measures been used, and charged that the federal government did not know the true situation in the nation. "It is not alive to what is going on," he said. "It has a mistaken notion about the distress and we should demand of our government that everything possible be done to aid the distressed. This is not a time for personalities," he declared.

He promised, if elected, to fight for things that would give the nation a better economic balance and to relieve the present situation.

McAdoo's talk here last night was one of several made throughout the county yesterday. He spoke in Fullerton, La Habra, Brea, Garden Grove, Orange, Laguna Beach and Anaheim.

He was introduced last night by Mayor Paul Witmer, who had charge of the McAdoo tour. A number of prominent Democrats were on the stage with McAdoo, including D. G. Wottin, candidate for state senator, Frank Harwood, candidate for the assembly, Judge J. G. Mitchell, S. M. Davis, George Edgar.

Brotherhood To Discuss Ballot

The first fall meeting of the Congregational church Brotherhood has been set for Tuesday evening, according to Robert Speed, president. The meeting is to open with a dinner at 6:30 o'clock and the program will be featured with a discussion of the measures on the ballot to come before electors at the election November 8. The public is invited to attend.

Harold Ebeling of Los Angeles was fined \$8 on a charge of speeding by Judge John G. Mitchell in the police court this morning. He was arrested by Traffic Officer George Boyd on October 13.

BANK ENGLAND CHIEF PAINTS DARK PICTURE

"I wonder if anyone in the world can really direct the affairs of the world, or of his own country, with any assurance of the result: his action will have?" Norman said softly, as he might have spoken to a friend across a table.

"Who, a year ago, could have foreseen the position to which, little by little, we drifted, first down and then up, then down and then up?"

"The confused events of the world have brought about a series of events and a general tendency which appear to be presently outside the control of any man, any country or any government."

"I believe that if every country and every government could get together, it would be different," Norman said. "But that we do not seem to be able to do. Therefore I am driven to the conclusion that we must take momentarily the short view, the plan long."

"I am willing to do my best. I hope we may all see and approach the light at the end of the tunnel, which some are already able to point out to us. I myself see it somewhat indistinctly. I admit that, for the moment, the way is not clear."

Norman urged the bankers primarily to consider two questions, frozen credits, and a more cautious and more cooperative policy of lending abroad in the future.

dental" appearances occur that fleet officers have become worried.

Scores of oil tankers flying a foreign flag take on crude cargoes at San Pedro each week. Although shipping records do not show that any unusual number of them sail when the battle fleet steams out of port, they invariably appear upon the scene a few hours later, flag officers said.

When the U. S. S. California went to San Francisco recently, officers purposely made a leisurely three-day cruise. A tanker flying a foreign flag followed at a distance of several miles and remained in sight of the battleship throughout the voyage, which should not require more than 24 hours even for a tanker, an officer pointed out.

PRESIDENT TO AGAIN ATTACK GOV. ROOSEVELT

the bonus bill if he were president this moment."

Mills intends to answer the Democratic nominee in a bonus speech at Cincinnati, O., next Tuesday—but in the meantime, the president may be expected to get into this fight himself. His own attitude against the bonus payment of \$300,000,000 at this time he feels is thoroughly understood all over the country, and he may challenge Governor Roosevelt to be as specific as he is on the subject.

Aside from the bonus the President may take the Democratic nominee to task for his criticisms of the administration's finance policies and the treasury deficit. His Detroit speech will be in an area badly hit by unemployment. Hence he will concentrate to a large extent on his plans to aid the unemployed.

The President starts into the mid-west tonight on his third invasion of this "doubtful area." On the swing westward, the President's special train over the Chesapeake & Ohio railroad will make 13 scheduled stops where the chief executive expects to make brief speeches.

The stops include Charleston, Huntington and Kenova in West Virginia; and in Ohio, Lorain, Portsmouth, Waverly, Chillicothe, Circleville, Columbus, Delaware, Marion, Fostoria and Toledo. He will reach Detroit just in time for his speech there at 8:30 p. m.

Mrs. Hoover and one or two secretaries will be included in the small presidential party.

POULTRY MEN OF SOUTH TO ELECT TODAY

Members of the poultry department of the Farm Bureau of the seven southern counties are meeting in Santa Ana today for the purpose of electing officers and deciding important affairs of the organization.

One of the most important items of business to be transacted at the session today will deal with the inspection of poultry meat coming into California from middle western centers. Members of the department are attempting to secure adequate inspection for poultry meat shipped into California in order that it may compete with California produced poultry on an equal basis.

Discussion of the proposed statewide breeding program as outlined by the college of agriculture of the University of California also is scheduled. Recommendations of the state college will be considered by the poultrymen in session today and if adopted will be presented at the annual meeting of the state department scheduled for next month at Marysville.

R. Duffy, state inspector in charge of enforcement of the uniform egg law will be one of the speakers at the afternoon session today. He will explain what steps the state is taking toward enforcing the law. Dr. L. M. Hurt, Los Angeles livestock inspector also will speak this afternoon on inspection of poultry meat.

SALVAGE SUB

After eight months' work, salvage vessels near succeeded in raising the sunken British submarine M-2 for removal of the bodies of her crew. This airplane picture, however, shows the failure of the first attempt as one of the pontoons broke loose and came to the surface.

METHODIST CLASS ARRANGES DINNER

YORBA LINDA, Oct. 22.—The Challenge class of the Methodist church is sponsoring a chicken dinner at the church dining room Monday night at 7:30 o'clock to be followed by a Halloween party.

A large crowd attended the joint meeting sponsored by the Wide Awake club of the O. E. S. and the Challenge class of the Methodist church this week, when a program of music and magic was presented.

Appearing on the program were Mrs. Anderson, who played violin selections, accompanied at the piano by Mrs. B. M. Selover; Everett Moore, who presented several whistling solos, accompanied at the piano by Audrey Ton; Elmore Pickering, Capt. Neely and Audrey Ton, trio, and a professional magic program, given by the Rev. Crawford Trotter, pastor of the Methodist church, assisted by Charity Ann Murray.

Inspection For W. R. C. On Nov. 2

COSTA MESA, Oct. 21.—W. R. C. members will pass an inspection test on their ritualistic work November 2, when visitors from other groups will be present. A dinner will be served at noon.

Those present for the practice work Wednesday afternoon at the Greener hall were Mesdames Etta Tead, president; M. Bennett, M. Long, J. R. King, I. Clark, Ella Haynes, Maude Joseph, A. M. Nelson, C. M. Rollins, J. L. Pangle, J. Langdon and W. S. Wood.

Show Interest In Better Word Use

(Continued from Page 1)

That many people are interested in gaining a better knowledge of the English language was demonstrated by the group that assembled last night at the Y.M.C.A. for the opening of the series of talks and lessons on better English to be presented for the next few weeks on Thursday evenings.

The work as presented by R. C. Smedley, who is conducting the class, is to include a study of words as to origin, meaning, spelling, pronunciation and use. Some interesting tests were given to the class to help members determine the extent of their individual vocabularies, and to help them acquire greater facility in the use of words.

To make Children EAT

Don't force children to eat! The girl or boy who has no appetite has stasis — which means the child is sluggish. But cathartics have caused more constipation than they ever cured! The "California treatment" is best — just pure syrup of figs. Try this for a few days, then see how eagerly your youngster will eat.

How to Conquer Sluggishness

Stimulate the colon and that child with a finicky appetite will devour everything set before him. Here's the simple treatment that does more for babies or older children than all the diets, fad foods, or tonics.

Nature has provided the "medicine" you'll need to stir your child's colon muscles into proper action. California syrup of figs. Pure, delicious, harmless. It acts on the lower colon — where the trouble is. It has no ill effects on the intestines.

Begin tonight, with this marvelous "California treatment." Any drugist has California syrup of figs, all bottled, with directions. Use enough the first time to cleanse the clogged colon of every bit of poison and hard waste. Then just a little twice a week until the child's appetite, color, weight and spirits tell you the stasis is gone. Whenever a cold or other upset clogs the system again, use this natural vegetable laxative instead of drastic drugs.

WARNING

There are dealers who practice substitution. Be sure to protect your child by looking for the name CALIFORNIA on the bottle.

DIG BOMBERS END PRACTICE FIELD SERVICE

Seventy-five soldiers of the Thirty-first Bombing Squadron will leave the Eddie Martin Airport tomorrow evening for their home station at March field near Riverside. Their departure will conclude a week of maneuvers that brought three bombing squadrons to the local field where they established headquarters.

Using the local airport as headquarters the bomb squadrons left early each morning for San Pedro where they conducted bombing practice 10,000 yards off Fort MacArthur using a target towed behind a destroyer. Each evening the nine bombers of the squadron quartered at the airport returned.

The training period brought three squadrons to Santa Ana for two days each. A military camp, simulating field conditions, was set up at the airport for the entire week.

During the week many Santa Anans have visited the camp and inspected the huge bombing planes.

High winds of the past two days did not prevent the army fliers taking off each morning for their practice trips nor did it interfere with bombing practice at sea. The bombers used bombs filled with sand to drop on the target as it was being towed by the destroyer.

The maneuvers conducted from the local airport were planned for the purpose of proving the efficiency of the army aviation corps as an aid to coast defense.

STREET DECORATING STARTS SATURDAY

ANAHEIM, Oct. 21.—Street decorations for the Halloween parade and entertainment on October 31, sponsored by the Merchants and Manufacturers' association and the Chamber of Commerce will be put up tomorrow by the Workers' league who secured the contract from the decoration committee headed by Joe C. Elliott.

The parade will be headed by an old stage coach carrying the "city dads". This stage coach once plied its way between San Francisco and San Diego, according to George L. Reid, secretary of the Chamber of Commerce.

William Wallop, chairman of the equestrian events, reports that the entire El Rodeo Riding club will participate in the affair.

CANDIDATE TALKS AT LIONS SESSION

GARDEN GROVE, Oct. 21.—W. C. Jerome of Santa Ana, candidate for supervisor in the first supervisorial district, was the speaker at the Lions club luncheon held at Ocean Inn Wednesday.

Jerome gave a talk on topics of general interest, bringing out the fact that the nation is more or less inclined to have money as a god and forgetting the real things in life. He stated that service clubs are trying to overcome that tendency.

L. W. Schauer gave a report of the council meeting held in Garden Grove Monday evening.

Ted Craig of Brea and Donald Powers were guests.

Church Members Elect Officers

BUENA PARK, Oct. 21.—A membership meeting was held in the Congregational church recently, when the new by laws of the church were read and accepted.

The committee consisted of the pastor, the Rev. LaRue C. Watson; the deacons, clerk and Sunday school superintendent. The model constitution of the Congregational church was used by the committee with but few minor changes. It was decided that the annual election of the pastor will be dispensed with, no election being held until a vacancy necessitates an election.

The Rev. Mr. Watson, L. A. Newman, R. Bohannon, Emanuel Bastady, I. D. Jaynes and J. B. Sullivan were appointed on the committee to report at the annual meeting of church board in January. Arthur Corey was selected as auditor, R. Bohannon, deacon; C. L. McComber, trustee. Mrs. George Cole is to report at the January meeting.

CAMPAIGN AT FEVER POINT; SANTA ANA MAN IS SHOT!

Yes sir, things are coming to a "pretty pass" when political feelings flare up high enough to cause a man to be shot just because he is out campaigning for a certain party candidate for president of the United States.

Yet that is exactly what happened right here in Santa Ana late yesterday afternoon when Art Williams told Santa Ana police that an unknown person had shot him with a BB gun as he was driving the "Hoover cart" around the city.

The alleged shooting occurred when Williams was driving the contraption on East Fourth street. The cart was put into the campaign by the county Democratic committee. It is an ancient automobile which has the entire front end removed, and is drawn by a decrepit mule.

Signs on the cart state that it is a "Hoover cart, 1932 model."

Santa Ana police today are reported searching for an indignant Republican who may have fired the shot.

POWER LINE TO BE PUT UNDERGROUND

To avoid the possibility of a power tree again blowing against power wires and causing Edison company lines to short and affect temporary suspension of service, the Edison company will put an underground line across Santa Clara avenue between Broadway and Bonnie Brae streets. It was announced today by Rodney Bacon, manager of the Edison company in this district.

When the first wind sprang up, a tree in the district blew against the power line, causing a short circuit and putting a considerable territory in the area out of commission electrically. A statement made that the property owner where the tree is located had been approached by the Edison company prior to the storm with a request that the company be allowed to trim the tree, was incorrect, Bacon said today. The request was made after the damage had been done, he explained.

Five Wives Ask Courts for Divorce

Five divorce complaints on file in superior court, placed by wives accusing their husbands of desertion and failure to provide and the various methods of alleged mental and physical cruelty.

Cecilia Engle is suing Edward C. Engle for divorce on the grounds that he deserted her May 30, 1930, and has failed to provide for her. The couple married June 4, 1926, in Schenectady, New York.

Charles C. Madison was charged with failure to provide for his wife, constantly nagging at her, and accusing her of being intimate with other men, according to the divorce complaint filed by Mrs. Ada Madison of Anaheim. They were married July 5, 1900, and separated July 20, 1932, according to the complaint.

Mrs. Anna E. Meadows, in a suit for divorce from her husband, Elvin J. Meadows, accused him of failure to provide for her and a course of cruelty that started in June, 1921, when he began staying out nights and returning to his home under the influence of liquor. She listed as community property a 26-acre farm in Sutter county valued at \$2500 and a promissory note for \$2600.

Lewis E. Schwager, failed to provide for his wife and two children, forcing his wife to work in an office and take care of her household duties at the same time, according to a divorce complaint filed by Mrs. Myrl Undine Schwager. Mrs. Schwager also is seeking custody of the couple's two children and \$35 monthly for their support. The Schwagers were married in Salt Lake City, Utah, April 8, 1918, and separated March 11, 1927.

Issues Warning on Calendar Salesmen

Harry Edwards, Orange County Veterans' Welfare officer, today called attention to the fact that a group of men representing themselves as disabled veterans, have been selling calendars in this vicinity and have been making a statement that the money received from the sales goes to local veterans.

Edwards declared that the men are not connected in any way with disabled veterans here, that they are not licensed and that their sales campaign does not have the approval of his department. Anyone getting in touch with the men is asked to call Edwards.

Buena Park Men Lodged In Jail

Two Buena Park men were arrested by officers of the sheriff's office yesterday afternoon and booked at the county jail, on charges of robbery and issuing bad checks.

Frank Eagler, 23, Buena Park mechanic, was arrested by Deputy Sheriff G. F. McKelvey and Merle Dean on a robbery charge for Riverside officers. The man was lodged in the county jail until last night when Riverside officers called for him and took him to Riverside where he will face robbery charges.

Said by officers to have been wanted for a long time on charges of issuing bank checks with intent to defraud, the same officers arrested Robert H. Frohn, 22, Buena Park machinist, yesterday afternoon.

THREE INJURED AS AUTO STRIKES TREE

Three Orange men were cut and bruised in an automobile accident which occurred at South Main and Central streets yesterday afternoon, according to reports of the accident filed at the police station.

Joe Parsons, 315 North Batavia; George Brimell, 291 North Glasgow, and Ned Lentzinger, 137 West Walnut street, all of Orange, were given emergency treatment at the Orange County General hospital where they were taken following the accident. None of them was seriously injured, hospital officials said.

The accident occurred when a car driven by Joe Bailey of Anaheim, in which the Orange men were riding, attempted to pass a car driven by Jesus De Esarte, of Los Angeles, on the right side of the road, according to the report. The car driven by De Esarte was not struck but the other car left the road, plunged into a ditch and crashed into a tree at the side of the road.

What Can You Do For The Pains Of Rheumatism?

Pain Ended In Few Minutes, This Way

It has now been discovered by thousands of rheumatic sufferers that the pains of that distressing disorder can be eased in as little as a few minutes... relief and comfort in almost as little time as it takes to tell!

Doctors advise two tablets of Bayer Aspirin taken with a full glass of water. Then a rest of a few minutes... and that is all. Pain is eased quickly—sometimes almost unbelievably.

Relief comes so fast because of the peculiar quick-dissolving property of Genuine Bayer Aspirin. The tablets you take dissolve almost INSTANTLY in your stomach. And thus you get practically instant relief. The fastest, safest relief—it is said.

Remember it is Genuine Bayer Aspirin which claims this quick-dissolving, quick-acting property. So be careful that you get the real article when you buy. See that any box or bottle you purchase is clearly marked "Genuine Bayer Aspirin."

And that any tablet you take has the name "Bayer" stamped on it in the form of a cross. Then you will get quick relief.

Remember that when you buy. And remember, too, that Genuine Bayer Aspirin Does Not Harm the Heart.

FACES ARSON CHARGE AFTER HOTEL BLAZE

Charged with suspicion of arson, Joseph Hunn, 35, of San Juan Capistrano, was arrested late yesterday at Capistrano by Fire Marshal Boyd Sleeper and lodged in the county jail.

The man is being held in connection with the firing of the old Mission hotel in Capistrano early Wednesday morning, according to Sleeper, who found a quantity of kerosene-soaked rags in and

around the building. The morning before the fire was started an attempt was made to gain entrance to the hotel. It is reported.

There were 12 people in the building at the time the fire started, whose lives were endangered by the fire which destroyed a corner of the building.

A family grudge of long standing is believed to have been the reason for starting the fire, although no complaint has yet been made out against Hunn or his wife, Sleeper said.

Frank Hunn, a brother of the man arrested, is in charge of the hotel.

SKELETON OF INDIAN WOMAN IS UNCOVERED

Alarmed by his discovery of a skull and bones while he was digging a hole to bury garbage, Trinidad Cuadros, 516 Fairlawn street, in the western part of the city, yesterday afternoon notified police and asked an investigation.

Police Sergeant A. L. Steward, who conducted the investigation, filed a report at the police station which stated that the skull and bones were of an Indian woman and had been buried many years and which were in bad condition. The teeth were worn smooth and almost to the bone.

Cuadros was ordered to put the bones back in the hole and cover them up.

Several other Indian skeletons have been found in Santa Ana in the western part of the city which was used at one time as an Indian burying ground, police officers said.

\$150,000 BRIDGE ACROSS BAY AT SEAL BEACH DEDICATED BY STATE AND COUNTY OFFICIALS

Dedication of the new \$150,000 bridge across Alamitos bay at Seal Beach took place yesterday afternoon, with Mrs. P. A. Stanton, wife of the state highway commissioner, breaking the silver cord.

Ceremonies, participated in by Orange county supervisors headed by John C. Mitchell, chairman of the board; Hugh Thatcher and John Quinn, Los Angeles county supervisors, and city officials of Seal Beach and Long Beach followed the uniting of two processions, one from Seal Beach and one from Long Beach.

The Seal Beach procession included Orange county officials and prominent citizens, city officials, chamber of commerce representatives. P. A. Stanton, founder of Seal Beach, and Mrs. Stanton, headed the procession.

The Long Beach procession included Los Angeles county supervisors, Long Beach city officials and other prominent citizens.

Lyon is urging voters to attend to learn the facts about the issues at stake, and will present his platform and the reasons he is standing on it.

The program, with J. W. V. Steele, Long Beach councilman, acting as master of ceremonies included the following: Address of welcome, Mayor E. J. Hughes of Seal Beach; answer to welcome, Mayor A. E. Fickling, of Long Beach; a brief talk by F. L. Wilson, former mayor of Seal Beach, was answered by Oscar Hauge former mayor of Long Beach; address of welcome on behalf of Orange county, Supervisor J. C. Mitchell; address by P. A. Stanton; dedicatory address, Hugh Thatcher, Los Angeles county supervisor.

The structure, built across the mouth of the Alamitos bay channel was financed by Los Angeles county and Orange county, Orange county donating \$25,000.

The west approach was constructed by the city of Long Beach on land deeded by the Pacific Electric company and the east approach built by Los Angeles county road department on a right of way granted by the Bayside Land company of this city.

The bridge, which is 50 feet wide with pedestrian walks on each side, is built on wood piling with steel super structure, asphaltum roadbed, concrete railings and ornamental light standards. The Pacific Electric Long Beach-Seal Beach car tracks are in the center of the trestle.

Clearance is left under the main unit of the bridge to allow passage for small craft entering Alamitos bay.

Youth Who Left Officers In D. A. Office Is Fined

Vernon C. Hadley, 19-year-old Long Beach youth, who escaped from the district attorney's office here while J. R. Zoeter, chief of police of Seal Beach, and the father of the complaining witness were filing a statutory charge against him, was captured by beach officers this week and yesterday drew a fine of \$150 after being found guilty.

Judge Fred Smith suspended \$80 of the fine after \$70 had been paid, and placed the youth on probation for one year.

JURY GRANTS AWARD OF \$11 AS DAMAGES

R. H. Moore, 72-year-old Yorba Linda man, suing Carl H. Seaman for \$10,000 damages on a charge that Seaman had caused his detention on a false insanity complaint, yesterday was awarded \$10 actual and \$1 exemplary damages by a jury that heard evidence in the case in department three superior court.

Moore had alleged in his complaint that Seaman had sworn to an insanity complaint against him and caused him to be taken in custody and held under observation at the Orange County hospital for more than four days. At his sanity hearing the court ordered Moore released, according to the complaint.

Seaman justified his action in signing the complaint by declaring that he had acted on the advice of his attorney and because he believed that his life was endangered. He said that through a court order he had been appointed guardian for property belonging to Moore's brother, Moore, he alleged, was under an hallucination that the property was his and had ordered Seaman off the premises.

Because of the court's order, Seaman was forced to visit the property and on these visits, he alleged Moore threatened him with bodily harm.

Van Wyk's Uncle Called By Death

Charles D. Van Wyk of 840 North Ross street, candidate for supervisor of the first district, received word yesterday of the death of an uncle, Arie Van Wyk, in Orange City, Iowa. He was 72 years of age and had been a sufferer from heart disease for several months. Several former residents of Iowa, now living in Orange county, who knew the aged man in former years also mourn his passing.

CONFER ON WAY TO SPEED UP RELIEF DRIVE

The executive committee of Santa Ana's welfare and relief appeal for \$53,000 will meet at Community Chest campaign headquarters late this afternoon to review the work of the drive to date and determine the course to be followed in a mid-campaign effort to speed up returns from citizens.

Reports for yesterday showed that the advance gifts committee stepped up its pledges in quite a considerable sum. Also an improved showing was made through the residential and business departments of the appeal.

For the first time since the start of the appeal the daily reports from the establishments employees department lagged yesterday. However, division vice chairmen stated that the reports today from firm chairmen would more than make up for the ground lost yesterday.

The first report from the county employee's group under Judge Kenneth Morrison came in yesterday to a total of about 10 per cent of the quota assigned this division of the public schools department of the public employee's section.

P. A. Henderson, chairman of the campaign and member of the executive committee for the appeal, states that starting today school employees will be re-solicited with a view to making up the shortage in this department quota, if it is possible.

School Percentages

Returns from the division have been studied and indicate that the school quota can be reached if the balance of the employees will take on their fair share of individual responsibility, it is said.

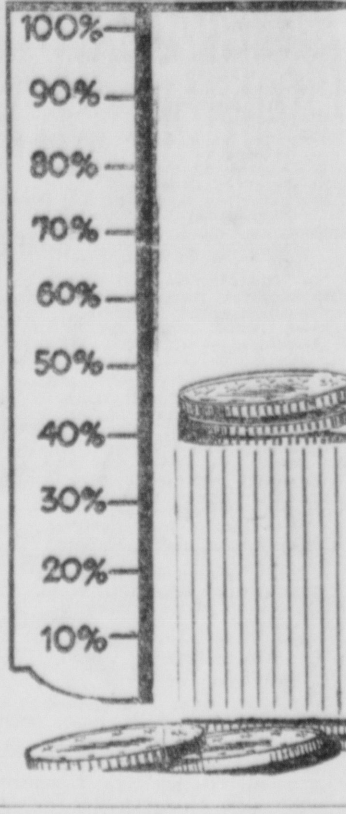

Results thus far reported in the schools department show that the following percentage of quotas have been reached: administration office, 45; high school and junior college, 75; Lathrop Junior High school, 55; Willard Junior High school, 49; juvenile home, 55; Delhi, 33; Edgerton, 24; Franklin, 25; Fremont, 47; Hoover and Lincoln, 51; Jefferson and Wilson, 43; Logan, 44; Lowell, 27; McKinley, 77; John Muir, 72; Roosevelt, 55; Spurgeon, 69.

"We are fully aware that this year there are a good many persons who honestly are not in a position to make larger and in some instances as large pledges as in former years," Mrs. Paul Bailey, campaign vice chairman, said today. "However, this very condition makes it essential that there be a great many new subscribers and that those who have not gone their limit in the past, do so now."

Serious Emergency

"The thing that must be impressed upon all of us is that this is a serious civil emergency which can only be met through subscriptions which represent a real sacrifice on the part of those making them. As things are now, there are just two classes of people—those who have something and those who have nothing. The first

HOW OUR DOLLARS STACK UP TODAY!

must see the second through this year."

All teams working in the campaign are now being asked to make reports tomorrow, although originally it had been expected that there would not have to be any Saturday reports, according to W. J. Tway, campaign chairman. Due to the delay which has come in many departments this new order has been made necessary in order that everything possible be done to reach a total of 75 per cent of the \$53,000 goal by Monday evening.

"While the returns thus far have been disappointing in many respects, it must not for a minute be inferred that we are of the opinion that the full amount can not be reached," Tway declared. "As a matter of fact, upon the basis of pledges made by those who are really trying to do their share, there is every reason to believe that we can raise the \$53,000."

GETS YEAR IN JAIL FOR NON SUPPORT

Found guilty of non-support of his wife and two minor children, Leon Byron Smith of Santa Maria, Calif., was sent to the county jail for one year today by Justice of the Peace Kenneth E. Morrison. Smith was ordered to work on the county chain gang. His wife and children will receive \$25 a month from his wages on the chain gang. He was arrested recently in San Luis Obispo. His present wife lives in Santa Ana. Since Smith separated from his first wife, he had married again and his second wife is now suing him for divorce in superior court here.

Exclusive Sausage Shop Opened Here

Old fashioned country sausage is now on sale in Santa Ana. Mrs. Sue Secrist tomorrow will open her store at 821 South Main street and will handle but one article—Johnson's Country sausage.

Johnson's Country sausage has been on the market less than a year, but during that time has established a reputation throughout Southern California to such an extent that the demand has necessitated the opening of many distributing centers. It is said.

According to Mrs. Secrist nothing but pure pork and spices are used in Johnson's Country sausage.

REGISTRATION SHOWS 18,090 VOTERS HERE

Analysis of the registration for the November general election shows that in the city of Santa Ana there are 18,090 registered voters, the greatest number in the history of the city.

The first supervisorial district which lies entirely in the city of Santa Ana shows a registration of 17,083. The city of Santa Ana includes five precincts that are not included in the first district, accounting for the difference of approximately 1000 voters between registration for the city and the district.

The third supervisorial district shows the greatest registration of all the districts. In the third district there are 20,745 registered voters. Registration by districts is: second, 8932; fourth, 6917, and fifth, 8472.

Registration by cities is: Anaheim, 5803; Buena, 1284; Buena Park, 1391; Costa Mesa, 1666; Cypress, 572; Fullerton, 5709; Garden Grove, 1513; Huntington Beach, 3239; Katella, 466; Laguna Beach, 1478; La Habra, 1135; Newport Beach, 1683; Orange, 4741; Seal Beach, 739; Tustin, 515.

The figures were announced today by County Clerk Joe Backs.

The Public Forum

Comments under this heading must be signed by the name of the writer. These communications express the opinions of the writers of them. The opinions may or may not be the opinions of The Register.

Editor Register:

In view of the unauthorized association of our names with the article in Wednesday evening's Register, referring to the proposition, "flaunted down" by the directors of the Santa Ana Chamber of Commerce, we desire to state our position in this matter.

None of us lent endorsement to the proposition itself which was brought before the Chamber's industrial committee.

We merely stated our reaction, Mr. Gustlin, as a professional musician, and Messrs. Foster and Barker, as music dealers, to a new electrical device whose attachment to any piano makes possible the production of organ effects of great beauty and variety, either independent of or in combination with the piano itself.

Our appearance before the committee was for the purpose of information only and in a strictly non-promotional capacity.

We are of the opinion, however, that a proposition to locate the manufacturing plant of such an unusual commodity as this merited an intelligent investigation of the integrity and responsibility of the applicants and their plan, instead of a flat refusal by the committee without even the most superficial inquiry being made.

We grant that in the past there have been too many bad examples of unscrupulous industrial schemes endorsed in this community, but the fact remains that if Santa Ana is really interested in developing factory payrolls we need a committee which will not pronounce snap judgment, whether favorable or unfavorable, upon any proposition submitted, but which will suspend its decisions until the essential facts, its potential market, competitive factors and the character of its promoters and business set-ups are competently examined.

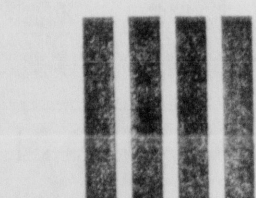

The mere fact that a proposition involves the question of local investment and backing not automatically condemn it since it is a well known fact that some of the greatest industries in existence had humble beginnings in small towns and were assisted by local investors.

Regarding the unfavorable light in which our names were connected with the article in question, and assuring you of our interest in the safe and sane development of

NEWS NOTES FROM SCHOOLS

Julia Lathrop

Social Studies
Miss Pearl Nicholson's low seventh grade social studies class is having a most instructive and interesting time in the project study of "The United States, a Nation of Many Nationalities and Races." Every student has participated in some definite manner in making this particular part of the work more interesting. Pictures and drawing have been brought in for study, and from the individual reports and picture study students have contributed projects to further knowledge of the different customs and habits of other countries. The class is thoroughly convinced that "America is the Melting Pot of the World" as the various pictures and stories brought before the class have given all a more definite idea of how many nationalities have migrated from their former homes to make up the present population of the United States.

Several students did work apart from the class room assignments on projects to illustrate the dress and customs of the countries in which they were particularly interested. Many dolls have been on display. The girls who were responsible for the dolls dressed in various costumes include: Dorothy Stillwell who contributed a lovely Spanish lady; Dorothy Dreblow, a French lady; Patricia Lineley, a Scottish lady; Anita Smith, a lady from Norway. Special credit is due Roberta Shaffer who brought in a set of dolls representing Chinese, Italian, Swedish, Swiss and English nationalities. Other interesting dolls were those Miss Nicholson showed from a former class representing Irish and Russian peasants.

The boys in the class contributed pictures and miniature designs of modes of transportation, implements and tools of various kinds. Outstanding contributions of this phase of the project were made by Wilbur Hawkins who brought in a Roman chariot and a Spanish ox cart. Another was Paul Bradford's covered wagon which was equipped with hatchets, guns, pistols and a chopping block. He also made a very interesting colonial stage coach.

Members of the class are still working on projects to add to the collection.

Forre Scott; tickets, Mr. Gilnes.
The banquet will be held in the school cafeteria on Friday evening, November 4 at 6:30 o'clock.

National Book Week

Plans are being made for a celebration of National Book week in the English classes at Lathrop. With the aid of Miss Leonora Calkins, librarian, an entertaining program is being worked out to promote the student's interest in a higher level of reading. Already the library at Lathrop is one of the outstanding centers of student interest.

Other phases of work being done in the various English classes include a wide range of study and projects. Standardized reading tests have been completed in the seventh grades and classifications as to speed and thoroughness have been made in these sections.

An interesting project recently completed in Miss Lora Blythe's high seventh grade literature class is a Guide to Authors. Books have been artistically arranged and have attracted considerable attention in the library. The contents include pictures and short sketches of the popular authors studied in the junior high classes.

The ninth grade classes are studying Ivanhoe, several classes making note books including illustrations and special features of interest in that story. Many students have read historical novels of this particular period which has added to their information and enjoyment of this study.

Spelling and writing are considered important parts of all the English work. Miss Olive Wherry has outlined a definite course of instruction for this phase of the work. Carelessly written papers are not acceptable for credit.

The first luncheon of the home room representatives was held Tuesday in the faculty dining room of Willard cafeteria. The guest speaker was the Rev. Harry Evan Owens, who spoke on "Good Sportsmanship in Relation to Good Citizenship." Bob Davenport, home room representative president, presided. Henry Gonzalez, president of the safety committee, and the commissioners were guests. There were 33 present.

Guinea Pigs Adopted
Two guinea pigs have been adopted by the low seven one class in general science at Willard. They were christened Romeo and Juliet by Norman Hicks, class instructor. Ruth Baker was godmother at the christening ceremony and Larry Stump, godfather. Tom Engelman presented the pigs with a home. The pigs were given to the class by Ruth Baker.

H8-1 Assembly
The H8-1 assembly was under the direction of Miss Maurine Mathes. Agnes McDougall led in the singing of "America" and the flag salute. Miss Ruth Oakes Santa Ana harpist, presented on the program. Miss Helen Glan-ey led the Girls' Glee club in two selections; Dorothy Grace and Will Ridd played piano solos; Bob Warling played several numbers on his harmonica, and Chester Clark and Glen Layton closed the program with guitar selections.

H9-2 Assembly
Miss Ruth Mueller sponsored the H9-2 assembly. The feature of the program was five reels of motion pictures presented by Norman Hicks. They were of the Yosemite Falls, Grand Canyon, Death Valley, Carlsbad Caverns, and the Columbia river rapids.

Dr. Regina H. Westcott-Weiman gave a talk on "Parental Education." Carolyn Hillis whistled three numbers with Miss Helen Glan-ey accompanying. Alfred Wright sang two solos to "My Mother Jean Davis" accompaniment.

H8-2 Assembly
W. H. Bracewell directed this program. Agnes McDougall led in the singing of "America" and in the flag salute. An exhibition was given by the Santa Ana fire department, showing its procedure when a fire breaks out. A trio from the high school, Mark Hare, Bill Fox and Martin Bowman, sang three numbers. Norman Hicks showed a motion picture on China entitled, "People in Crowded Valleys."

New Safeties Appointed
Winnie Skeels, Mac Beall, and Harley Babcock were appointed Tuesday by Miss Mary Jane Steel, faculty advisor of the student government, to serve on the safety patrol.

PEGGY SHOP TO SPONSOR "FALL STYLE" EVENT

For one hour tonight fall styles will be discussed over radio KREG. This discussion is made possible through co-operation of the Peggy Shop, 304 West Fourth street. The program is scheduled for 5:15 p. m.

The Peggy Shop has arranged and will present the entire hour's program under the title "Style Flashes." The presentation will offer the very last minute style information, direct from New York and Paris. Not only will this information be given but will be presented in an interesting and entertaining manner.

This program, being sponsored by the Peggy Shop, is one of the most unique that has been offered over radio KREG in many months. The program will go into details relative to fall fashions and will discuss the important facts that have entered into every phase of preparing the new fall styles.

ECONOMY GAS TO INTRODUCE KREG FEATURE

What is described as the "biggest little program on the air" will be heard over KREG this evening from 8:15 to 8:30 o'clock. The program is listed as "Economy Keynotes" and is sponsored by Economy gasoline dealers of Orange county and the Wilshire Oil company, refiners and marketers of Economy gasoline.

With a musical background by Raymond Paise's orchestra, outstanding radio favorites will be heard on the program, combining to make it a "guaranteed first-grade, high-speed" feature. Among the well-known artists appearing on the program, together with Raymond Paise, are Tiny Newland and the Three Shades of Blue, Del Campo, Don Grant, the Four Grenadiers, Elvia Allman and others.

"Economy Keynotes" is a weekly feature over KREG and is broadcast regularly each Friday night from 8:15 to 8:30.

SECOND 'STICKER' PROGRAM MONDAY

Aaron Gonzalez, pianist-composer, will present another "sticker" program tonight at 7 o'clock over radio KREG. The first of these "sticker" programs was presented last Monday night and brought forth more than 40 requests during the half hour it was broadcast.

A box of candy from Candyland will be awarded to the person telephoning the winning "sticker" of the evening to the studio. The winner will be selected according to rules to be announced at the beginning of the program. Any selection not more than 42 years old is eligible in the contest, providing it was well-known sometime during the period.

JAYSEE TO OFFER ANNUAL Y PROGRAM

Tonight the Santa Ana Junior College broadcast will be devoted to its second annual program on behalf of the Y.M.C.A. The program has been arranged by Dick Gardner who will act as announcer.

Outstanding on tonight's presentation will be the talk by Austin Joy who will discuss "The Purpose of the Y.M.C.A. and Its Help to the Public Schools." In addition to Joy's talk a musical program

will be presented featuring Earl Motley, pianist; Raymond McCall, violinist, and a group of collegians in musical numbers.

CANDIDATE TALKS AT NEWPORT BEACH

NEWPORT BEACH, Oct. 21.—William Gibbs McAdoo, candidate for United States senate on the Democratic ticket, stopped in Newport Beach yesterday afternoon and gave a short talk in the Os-good theater building, as he was making a swing around Orange county on a speaking tour. Mr. McAdoo declared that the time is ripe for changing administrations.

A group of supporters gave McAdoo and his party a rousing welcome, escorting the group around town, led by the American Legion band.

Workers' Legion To Get Water For Fullerton Gardens

FULLERTON, Oct. 21.—The Workers' legion of Fullerton will likely have water provided by the city to grow vegetables on vacant properties this winter.

Representatives of the Legion are to check over property with the city engineer, C. M. Thorpe, and with the water superintendent, Grover Walters, and the water committee of the city council to ascertain what property has water available.

REGIONAL MEET IS PLANNED BY 20-30 CLUBS

Plans for a joint conference of District 4 and 5 of the 20-30 clubs of California were made at a meeting of clubs of Santa Ana, Orange, Fullerton and Anaheim at the American Legion clubhouse Thursday night. The conference will be held at San Diego February 11 and 12, 1933, at the U. S. Grant hotel.

The meeting was well attended and V. G. Wolfe of the Orange club presided. An interesting talk on the aims of 20-30 clubs was given by John L. Williams of San Bernardino, trustee of the association of clubs and prominent in 20-30 circles. Williams has reached the age limit in club work and a portion of the valuable experiences he has known during his membership were recounted.

C. C. Lamb, who traveled the trail of '98 to the snow covered gold fields of Alaska, told of his experiences in this epoch of history. Lamb, whose home is in Anaheim, described with a vivid touch the stirring times through which he passed in company with men of all nations in the mad search for gold. "Cactus" Presson, youthful yodeler of Orange, gave a number of songs, accompanying himself on his guitar. Talks were given by Ralph Layton of Fullerton, fifth district governor and by Melvin Clement of Orange, newly elected deputy district governor.

PLAN SEWING MEETING
WINTERSBURG, Oct. 21.—A special meeting of the Wintersburg Ladies Aid society is announced for next Wednesday at the church hall. The meeting will be for all day with pot luck luncheon at noon and the time will be employed sewing on garments designed for local welfare work and in completing articles for the bazaar which the Ladies Aid organization is giving at a date to be announced later.

HOME RULE CRY RAISED BY SCOTLAND ADDS TO WORRIES OF OLD ENGLAND

By MILTON BRONNER
European Manager, NEA Service

LONDON, Oct. 21.—As if the British government did not have enough trouble on its hands, what with the disputes with the Irish Free State, the immense problem of what to do with the 325,000,000 people in India, and its various commitments in Europe, the Scots have now begun to raise the banner of "Home Rule for Scotland."

To Americans of Scotch descent, spoiled over 20,000 votes. They intend to run over 200 candidates in the Scotch municipal elections next November.

At a recent meeting of the party in Glasgow it was stated their aim was to secure complete independence of Scotland within the British Commonwealth of Nations. Scotland to have separate representation in the Empire Conference and the League of Nations. Furthermore, the party wants Scotland to have its separate trade representatives and, where necessary, its own diplomatic representatives. The party further said complete self-government must include national control of credit, motive power and transport.

THE Home Rulers point out that while Scotland has a fair representation in parliament, that body gives but scant attention to Scotch affairs. They say the industrial depression has hit Scotland harder than England, citing these causes:

1. Amalgamation of the British railways not only transferred management of Scotch lines to London, but also a large part of the construction and repair work.
2. The naval yards at Rosyth, Scotland, have been closed for economy while those at Chatham, England, have been retained. Under a rationalization scheme, Scotland has borne more than her quota with the closing of some of the principal shipyards on the Clyde.

3. Some of the leading Scotch banks, which laid the foundations of Scotch trade, are now amalgamated with English banks with the result that Scotch banking policy is largely directed from London.

4. Many steel, coal and other industries have been closed in Scotland and, on the other hand, the land has been invaded by English multiple shops.

5. Scotch agricultural interests have been neglected while the English enjoy a wheat quota and a sugar beet subsidy.

6. Scotch law, founded on the Roman, is fundamentally different from English law, but on every possible occasion attempts are made to assimilate the law of Scotland with that of England.

Dance Arranged By La Habrans

LA HABRA, Oct. 21.—The Halloween dance to be given the evening of October 23 at the Woman's clubhouse under the auspices of the Women's club, the American Legion post and the auxiliary, will be a masquerade affair, with prizes for the best and funniest costumes. Refreshments will be served.
The committee in charge is composed of E. C. Klusman, Mrs. Sterling Hood, Mrs. Corinne Innis, Mrs. S. L. Treff, Mrs. John T. Frazier, Mrs. Anna Launer, Mrs. J. A. Chevening, Mrs. O. T. Stephens, Mrs. A. V. Douglass and Mrs. E. C. Klusman.

PLATFORM OF CANDIDATE IS MADE PUBLIC

In a statement made public today, Frank Harwood, Democratic candidate for state assemblyman from this district, announced his platform, which follows:

"I have been a resident of Orange county since 1921, earning a living for myself and family as a building contractor. I am one of that group of newcomers who have come to stay and who have done their part in building this community."

"I favor strict economy in government. Everyone and every business is getting along on less money and the state will have to do the same."

AGAINST MONOPOLIES
"I will oppose all legislation creating monopolies for the big interests."

"I am opposed to the repeal of the Wright Act."

"I favor water conservation but am opposed to any scheme which will in the end deprive Orange county of its share of the water flowing in the Santa Ana river."

"The cities should receive their just proportion of the gas tax money."

TRUST DEEDS
"I am opposed to the present form of trust deed. A reasonable period of redemption should be allowed in case of foreclosure so as to insure a fairer price being paid for the property."

"I am opposed to a deficiency judgment being granted in cases arising from the foreclosure of real estate. When a man has lost the money he has invested in his home he should not be burdened with a deficiency judgment in addition."

"I am opposed to Gov. Rolph's state wide water program whereby the southern part of the state would be asked to pay for the water developed in other parts of the state."

Late News From Orange County Communities

McAdoo Addresses 500 Persons In Fullerton School

TARIFF VIEWS ARE OUTLINED BY CANDIDATE

FULLERTON, Oct. 21.—William Gibbs McAdoo, democratic candidate for the United States senate from California, last night branded stories that if the democrats came into power, the duty on foreign products would be eliminated, as "without a shred of foundation." McAdoo talked to about 500 persons in the Wilshire school auditorium last night, following dinner at McFarland's cafe, and aired his views on governmental tendencies. Others appearing on the program, after McAdoo retired to speak at Santa Ana, were B. Z. McKinney, candidate for the United States house of representatives, D. G. Wetlin, candidate for the state senate, and R. M. Ramsey, candidate for assemblyman, on the democratic ticket, and Madison B. Jones, one of the orators of Southern California, a former candidate for governor of the state. Dr. J. J. Shirley, president of the democratic club of Fullerton, presided. Benjamin Edwards, instructor of voice in the Fullerton District Junior college, sang preceding the meeting.

McAdoo declared the great buying power of the laboring masses and the agricultural interests must be re-established before prosperity returns to this country, and that he considered that the raising of tariff on manufactured goods, and lowering of tariff on farm goods is responsible for this present condition.

He said he is emphatically in favor of high tariff to protect home industry, and also said he considers that "prosperity in United States does not depend on Europe; it depends on United States. We can take care of our interests if we keep our vision on America."

"It is because we have departed so far from the Jeffersonian theory of democracy that we are at the present condition," McAdoo said, declaring that the great national elections are the most expensive things the people have to endure.

"The United States treasury should finance them," McAdoo declared. "Big interests at present finance them, and immediately after election go to Washington, and demand enough of a change of tariff to pay back sometimes a hundred-fold."

In his talk, he declared that unless a change in administration comes about, the dissatisfaction of the masses may result in real disaster, and that he "feared what will happen in this country."

Boxing Match Is Called Off When Minister Objects

SAN CLEMENTE, Oct. 21.—According to reports here today the reason the scheduled amateur boxing matches were not held at the Social clubhouse during the meeting of the San Clemente Men's club this week was because Dr. T. C. Moffett, local minister, objected to the bouts.

A. J. Jimenez, garage proprietor and chairman of the boxing committee, made an announcement and said that Dr. Moffett had strongly objected to the boxing.

Following this announcement by Jimenez, the members voted and passed a motion unanimously that they would continue to hold their usual monthly boxing exhibitions and that they were conducting the Men's club in a fashion that was beneficial to everyone concerned.

Seeks Members of Intelligence Unit

Plans for organization into a social group of all former members of the Volunteer Intelligence corps of the U. S. Army who served during the World war and who are now living in Orange county, were announced today by Paul Andres, of 812 North Birch street.

Andres who was a former district supervisor in the corps is anxious to get in touch with other members of this branch of the service and asks that they write or phone him.

Musical Revue Held Nov. 18, 19

LA HABRA, Oct. 21.—A musical revue will be given under the auspices of the La Habra P.-T. A. the evenings of November 18 and 19. C. L. Schubert, of Los Angeles, is directing the play.

The committee in charge is Mrs. Gus Lindauer, Mrs. Den Hungerford, Mrs. H. J. Livingston and Mrs. E. L. Baldwin.

BIRTHDAY OBSERVED

FULLERTON, Oct. 21.—Honoring Mrs. Rufus Porter and son, Stanley, of Fullerton, Mrs. R. E. Warner entertained this week with a dinner party.

The dinner party was the color motif and the dining table was centered with an artistic bowl of fall fruits. A yellow and white birthday cake was served at the close of the dinner.

Guests were Mr. and Mrs. Rufus Porter, Miss Corrine and Stanley Porter, of Fullerton, and Mr. and Mrs. Warner.

NEWPORT BEACH, Oct. 21.—Food, kitchen utensils, and a small radio were stolen from the summer home of Fred Walters of Pasadena last night, according to a report made by Walters at police headquarters. Walters' beach home is on Central avenue. On going back to the place after having been away for a few days Walters found that someone had forced a back window to get in and that his kitchen was almost depleted, canned goods, breakfast foods, coffee, kitchen utensils and a small radio worth \$15, all being missing.

ANNIVERSARY OF COUPLE OBSERVED

IRVINE, Oct. 21.—The hotel apartment of Mr. and Mrs. Dick Diggs was the scene of an enjoyable party one evening this week when a group of friends honored Mr. and Mrs. Diggs on their wedding anniversary. All the guests were assembled when Mrs. Diggs returned from a trip to Santa Ana. The rooms were gaily decorated in Halloween's cats, witches and pumpkins.

Bridge was played during the evening, with Mrs. Dixon Tubbs, scoring high for women and Mrs. Chick Dietrich, second. For men the prizes were awarded to Frank Sawyer, high, and Walter Sellers, second. Refreshments of sandwiches and coffee were served the following guests:

Mr. and Mrs. Charles Kendall Jr., Mr. and Mrs. Frank Sawyer and Mr. and Mrs. Chick Dietrich, of Santa Ana; Mr. and Mrs. Dixon Tubbs, of Tustin; Mr. and Mrs. Minor Cox and Mr. and Mrs. Tom Forster, of San Juan Capistrano; Mr. and Mrs. Moise Bessette, of Los Angeles; Mr. and Mrs. Harry Chisam, of Glendale; Mr. and Mrs. Karl Kramer, of Hollywood; Mr. and Mrs. Heinz Klaser, of Newport Beach; Mr. and Mrs. Walter Sellers, Mrs. Gene Thomas and Mrs. Maude Diggs, all of Irvine; Miss Marie Hillison, Miss Elsie Stewart, Miss Laura Fox, Mr. and Mrs. William Sullivan, Mr. Glen and Frank Diggs, all of Los Angeles.

2000 View Flowers At Beach Show

HUNTINGTON BEACH, Oct. 21.—The Garden club flowed show closed last night. The entertainment program was presented by Miss E. Burke's dancing class. It was estimated that 2000 visitors inspected the displays yesterday and last night at the show. Under a new plan tried out by the Garden club, there were no awards of prizes or premiums and the show, which lasted two days and evenings and attracted several hundred exhibitors including half a dozen commercial exhibitors, was carried on at no cost whatever, except such expense as the public spirited exhibitors incurred on their own account.

The show will be made an annual event. It was estimated that 90 per cent of the home flower gardens in the city contributed displays to the show, ranging from a single bouquet to a large table covered with cut flowers and bordered with shrubbery.

SAVANNA P.-T. A. NAMES PRESIDENT

HANSEN, Oct. 21.—The October meeting of the Savanna P.-T. A. was held at the Savanna schoolhouse this week with Mrs. R. T. Hilton presiding. 300 Present For Lutheran Church Celebration

HOLD DINNER AND PROGRAM FOR MEMBERS

ORANGE, Oct. 21.—Founding of the Immanuel Lutheran church a decade ago on October 12 was observed with an appropriate program and dinner in the social hall of the church last night, when nearly 300 were seated at the beautifully appointed tables. Dinner was in charge of Mrs. Louis Koth.

After dinner had been served the pastor of the church, the Rev. A. G. Webb, delivered a brief sermon and the program was opened with an organ solo by E. T. Pingle, choir director and principal of the Immanuel parochial school. Each department of the church provided 10 minutes entertainment on the program.

The Tiny Tot department under the direction of Miss Florence Beckhaus gave several songs and recitations were given by Albert Webb, Louise Helm, Lorraine Lemboke, Don Pannell, Shirley Edwards and William Reu Ruesch. Songs were given by the children of the day school.

The Ladies Aid society of the church gave as its part of the program a playlet, "A Lesson in Cookery" and those taking part were Mrs. Julius Bergeman, Mrs. E. T. Pingle, Mrs. H. J. Hinrichs and W. S. Kleike. The Young People's choir contributed a pantomime, "In Slipping Time." Songs were given by Miss Margaret Hebebrand and Miss Aitha Lemboke. The Young People's society planned one of the most amusing features of the evening in a play, "School Days." Harold Dittmer directed the play.

At the close of the program Miss Cora Pargue sang and selections were given by the male quartet representing the church board. Members of the quartet were W. S. Kleike, Martin Danner, Gus Struck and Emil Leoscher.

ORANGE, Oct. 21.—Declaring that the Democratic policy is in opposition to reduction in tariff on special products such as fruits, etc., and stating that farming should be put on a level with every other protected industry, William Gibbs McAdoo, candidate for United States senate, spoke yesterday afternoon in Orange at the Colonial theater.

He stated that there is a great need for a change in governmental policies. With the election of a Democratic president, there should be election of Democratic congressmen to support him, McAdoo said. He referred to his party's reign under President Woodrow Wilson as a great period in history.

Because property must begin with the farmer, who is the primary producer of wealth, the tariff law must be reformed, but must be kept at a level so extortion of monopoly won't be suffered, he said. There is a universal complaint against the Canadian tariff which has cut away the sale of fruits to Canada, McAdoo continued. Revision of the United States law which occasioned this move on the part of Canada should take place, and a conference concerning exchange of products between the two countries should follow, the candidate declared.

McAdoo said the Democrats are in favor of a tariff to protect California's oil industry from oil being imported from Venezuela and other foreign fields.

The financial and banking systems must be revised so that the farmers can get relief, he brought out. At present almost all of the farmers in the United States are impoverished, and when agriculture becomes so, without the creation of new wealth, there can be no prosperity, he said.

He spoke in favor of temporary federal intervention in aiding the unemployed, who must be saved at any cost, he said.

SAYS TARIFF REFORMS NEED IN U. S. TODAY

ORANGE, Oct. 21.—Declaring that the Democratic policy is in opposition to reduction in tariff on special products such as fruits, etc., and stating that farming should be put on a level with every other protected industry, William Gibbs McAdoo, candidate for United States senate, spoke yesterday afternoon in Orange at the Colonial theater.

OBSERVE 50TH WEDDING EVENT IN EL MODENA

EL MODENA, Oct. 21.—The fiftieth wedding anniversary of Mr. and Mrs. B. M. Culter was observed Wednesday with their daughters, the Misses Edith and Mabel Culter, assisting in entertaining.

In 1882 in a little Presbyterian church in Peotone, Kans. Miss Mary N. McCrae and Bradford M. Culter plighted their marriage vows, with the Rev. John McCrae, father of the bride, officiating.

Mrs. Merwin Mason, who was bridemaid for her sister, was present.

Early in the morning cards, flowers, telegrams, radio, and telephone calls began to pour in upon the happy couple. Many lovely baskets of gold blossoms arrived during the day. Especially lovely were the baskets containing 50 gold chrysanthemums and gladioli from the members of the Presbyterian church in Orange, of which Mr. and Mrs. Culter are members.

The church members, the North White Sunday school class, of which Mrs. Culter is teacher, Mr. and Mrs. W. H. Perry and Mr. and Mrs. W. H. Lowry. During the afternoon friends called to extend their congratulations. In the soft warm light of gold and lavender candles standing in tall candelabra a 6 o'clock dinner was served with only members of the immediate family present. The centerpiece was a mound of gold gladioli interspersed with leaves. Place cards in the shape of the numeral "50" were also in gold. Favors were lavender nut cups over which a gold wedding bell hung gracefully.

Mrs. Culter wore a shoulder corsage of gold roses and lavender gladioli while her bridesmaid's corsage was white roses and lavender gladioli.

The evening was pleasantly spent in an informal social manner, viewing old photographs taken 50 years ago, and recalling happy incidents of bygone days, as several of the guests were present at the wedding of Mr. and Mrs. Culter.

At the close of the evening delicious refreshments of bride's cake, baked by Mrs. Maurice Perry, daughter of the honoree, and ice cream molded in the form of wedding bells were served on individual trays decorated with small bouquets with cards attached bearing the dates, "1882-1932."

Rotarians Told Of Amendments

ORANGE, Oct. 21.—Members of the Rotary club heard a discussion on amendments No. 3 and 4 at the meeting of the organization at the American Legion clubhouse yesterday. The speaker was Gordon X. Richmond and Alfred Huhn was the program chairman.

OLIVE P.-T. A. TO AID SCOUT TROOP

OLIVE, Oct. 21.—At the second meeting of this school year, the Olive Parent-Teacher association members voted to sponsor Boy Scout troop No. 56, as a part of its community work.

Mrs. Ross Wagner, president of the Olive school group, appointed a committee to investigate the needs of the troop and to assist it in choosing officers for the ensuing months. Mesdames Paul Ristow, Oscar Schmidmayer and Gus McClintock are committee members.

It was with regret that the association accepted the resignation of David Fairbairn as chairman and treasurer of the Boy Scout troop.

During the business session an announcement was made of an afternoon meeting of the Olive Sewing club, an auxiliary of the P.-T. A. to be held on the afternoon of November 1 at the Harry Rhid home, located at the corner of North B. and T. and T. avenue.

Entertainment for the afternoon included piano music provided by a school pupil, Miss Margaret Hughes.

SYNOPSIS FOR PRECEDING INSTALLMENTS

The Endertons were the leaders of the cottage colony at a fashionable New England seashore resort and the Brendles had about won second place. Mrs. Wheat, colored and expansive, was present in the Brendle kitchen, could not understand the unappreciative New England attitude of Ambrose Trainband, the gardener, when she bubbled over about the "ice cream folks" having a very high summer. Norris Enderton, who had just graduated from college and when he smugly resumed his position in the colony, Mrs. Enderton intimated to Mrs. Brendle that she favored his engagement to Kitty Brendle. She got her husband to acquiesce, though with Kitty and her sunny disposition, at least until the following season. Kitty, 19, and pretty, had been very proud of his court record, which included charges of driving although under legal age, of speeding and "loving" for Morris.

At the annual Field Day, Norris was Field Marshal and Kitty First Lady. At the sight of them, Morris, a handsome young man, was embarrassed by her jubilation over the evidences of the Brendles' social triumphs.

You see what it says in the papers "bout Brendles? You look Miss Tremblant!" Mrs. Wheat took from Mr. Belling a folded paper, a copy of the "Special Field Day Edition" of Resort Items, and, opening it, spread the sheet before Mr. Trainband's eyes. "Look what it says!" she read aloud. "For weeks all summerlong has been agog. Miss Kitty Brendle is to be First Lady an' one an' all cry hall to the selection!" Mrs. Wheat waved the paper triumphantly. "You heard that summerlong, Miss Tremblant? My! That talk in the big class. Miss Tremblant, that summerlong! Hi-yi! All agog, you summerlong, all agog an' hall hall hi-yi to the Queen an' King!"

Mr. Trainband, red under his gravelly tint and not a little annoyed, escaped as soon as possible to find another place for himself near the ropes, at some distance from the too loyal servitress of the Brendles. Here, in his new position, he discovered that his next neighbors were speaking of the same subject but in a different tone. They were a gayly dressed girl of twenty and her stout, rather three-looking mother, Mr. Trainband recalled having seen them several times of the smaller and less expensive hotels, and the girl's face had pleased him because, although it was pretty, it seemed always discontented.

"Yes; that's the one," she said to her mother. "It's that Brendle girl you hear so much about all the time. Hates herself, don't she?"

"Well, I don't know, Bella," the mother, more charitable, remonstrated. "She seems to me right cute. I think that la-de-da lummix riding beside her is kind of silly-looking, though."

"Perfily awful!" Bella assented, though her peevish eyes showed wistfulness. "It's the great Norris Enderton," she explained. "Of course, if you're not an Enderton or a Brendle, or at least a Peck or something, in this place, you're practically no-body."

"Oh, dear! Haven't we gone over that enough?" the mother said wearily defensive. "It's a lovely place and I don't see why you can't enjoy yourself more, Bella."

"Enjoy myself!" Bella returned bitterly. "Guess that's about all I get to enjoy—just myself; I don't know anybody else!"

"But if you'd go about more, dear, and maybe speak to some of these young people and introduce yourself—"

"What for? A smash in the face? Do you think for a minute you'd ever get any of that crowd to even wipe their feet on you unless you took a cottage or stayed at the Tackleton Inn and had cars and—"

Bella's eye had wandered to the voting booth and in its activities she had found something to observe with a petulant interest.

Outside the canvas entrance a billboard had been sketched—erected, and its upper area bore a portrait of inscription:

Cards, Trojans Ready For Big Game

RULE STANFORD FAVORITES ON EVE OF BATTLE

BY RICHARD C. WILSON
(United Press Staff Correspondent)
PALO ALTO, Oct. 21.—(UP)—One of the greatest football teams in the country, Stanford's 1932 national champions, will face an unscathed upon University of Southern California eleven before a crowd expected to exceed 70,000 in Stanford stadium tomorrow.

On the basis of the strength they have shown in previous games the Cardinals are conceded a favorable chance to avenge last year's 19-0 defeat at the hands of Howard Jones' 1921 national champions, and become a threat for national honors this year.

Warner believes that the team he will put on the field tomorrow comes nearer to being "an 11-man team" than any in his 37 colorful years of football coaching. By this description, the veteran "Pop" explains, his Cardinal squad is not dependent upon the ground gaining ability of any one player.

Although the Trojans are without a Shaver, Arbelio or Plunkert this year, they have one of the most powerful lines that has been seen on the Pacific coast in several seasons. Averaging 201 pounds per man, the Troy forward wall will outweigh Stanford's line more than 10 pounds per man.

Southern California has not been scored upon in the four games they have played this year. One touchdown has been pushed across the Cardinal goal in five games.

Warner has developed a backfield that has consistently shown to advantage in all offensive tactics. Ernie Caddel, a rangy fleet footed halfback, is regarded by many critics as an all-America candidate. In every appearance this season he has brought spectators from their seats by his spectacular wide, sweeping runs around end, invariably evading tacklers for 15 to 20 yards.

In this department of tomorrow's contest, the Jones team will probably rely upon Orr Mohler, Troy's elusive quarterback. That Jones may be holding an ace in the hole was indicated today when he let it be known that Bob Getz, a transfer from St. Mary's college, might start at fullback. Getz made his first appearance in a Trojan uniform against Loyola last week, showing consistent driving power.

Stanford partisans feel that the last minute touchdown by which Southern California defeated the scrappy Loyola team revealed the extent of Troy's offensive. Previously, it had been suspected that Jones was concealing the Trojan offensive strength until such tests as Stanford will present tomorrow.

LIST PAIRINGS FOR 1ST ROUND TENNIS PLAY

First round matches in Santa Ana's First Championship Tennis tournament, which starts at 8 a. m. tomorrow on the Francis Willard high school courts, are announced today by the committee in charge.

Featuring some nationally known tennis stars, the tournament is by far the biggest thing in that sport that has ever been attempted in Santa Ana, and as plans are being worked out, indications point to a highly successful tournament.

With entrants like Lester Stoeffen, Gene Mako, Elbert Lewis, Helen Marlow and Ruby Bishop, Santa Ana tennis lovers will be a bigger array of truly great tennis players for the first time on a local court. Men's and women's singles and doubles will be played.

First round play will start at 8 a. m. tomorrow and will continue through to 4 p. m. The pairings for Saturday are as follows:

8 A. M.

JIM JOHNSTON "RAZZED" FOR BAER "ADVICE"

SACRAMENTO, CAL., Oct. 21.—(INS.)—Incensed over the offer of Jimmie Johnston, matchmaker at Madison Square Garden, to place Max Baer's affairs in the hands of Charley Johnston, the managers of Baer continued to hurl strong criticisms at the New York matchmaker.

"Johnston's telegram to Max indicates he would 'make' Max champion," Ancil Hoffman, one of Baer's managers sneered. "Let me say that Baer can win that title in the ring and it requires no petty politicians to get it for him."

"I'm manager of Baer," declared J. Hamilton Lorimer, now engaged in a legal battle with Hoffman in directing the heavyweights' fight. "The courts will hear me out in my right. Max won't fight for Charley Johnston, Jimmy or any other Johnston. That telegram is full of hokum."

"I started with Hoffman and I'm going to finish with Hoffman," said Baer, the center of the verbal battle.

Hurling invectives, Hoffman characterized Johnston's telegram to Baer "as just another effort on the part of the country's leading matchmaker to steal a boxer."

"Johnston has double-crossed me on fights—and his word is no good," Hoffman said. "This telegram business is just another sample of the colossal nerve of this man."

Baer's pretty wife, Mrs. Dorothy Dunbar Wells Baer, in Roseville, Cal., commented:

"Now that is interesting. It's the first we've heard of it."

BOTH ELEVENS HANDICAPPED BY INJURIES

(By Paul Wright)
Seeking its first of five needed victories for the Orange Empire conference championship, an improved and determined Santa Ana junior college football squad clashes with undefeated Pomona at Poly field tomorrow afternoon.

Equally hit by severe injuries, inabilities and minor casualties, the two teams go postward at 2:15 o'clock in what will be the second conference start for Santa Ana, the third for Pomona.

Coach Ira Van Cleave and his Cossacks, will be affected most by the loss of their triple-threat quarterback, Jack Keough, who broke his collarbone in drill Tuesday. Pomona's offensive was built around the brilliant Keough, who was directly responsible for a 12-6 victory over Riverside last week by running 90 yards for a touchdown. Outside of a few minor injuries sustained in the Riverside upset, the Cossacks are in good physical condition.

The unpleasant luck experienced by Pomona has been equalled here by a report from the college office that Santa Ana's "Bomo" Koral, regular left tackle, and "Tex" Bowden, whom Cook had planned to start at quarter, may be ineligible, scholastically, for the Pomona game. Then, too, Wally Smith, fullback, and Paul Jungkelt, inside half, will be benched with rib and shoulder injuries tomorrow, and Coach Cook figures that this more than compensates for Pomona's loss of Keough.

Bell To Play
Fred Bell, regular inside halfback who yesterday scrimmaged for the first time since injuring his shoulder against U. S. S. Saratoga here last week, may be in condition tomorrow, but Cook said today that he probably would start LeRoy Desmet, running guard, at LeRoy Bell at quarter. Since the major duty of an inside halfback is to block, Bell with his injured shoulder would be better protected at the safety position and at the same time would be given a chance to display his ball-carrying ability. Captain Jack Fredericks, husky guard, is scheduled to start in the line, but if needed in the backfield will be removed to inside half. Fredericks, with his weight and ability, handles the left half assignments well.

It was virtually certain today that Bill McDaniels, red-headed quarterback from Stanford, would be eligible for tomorrow's contest. In transferring to Santa Ana, McDaniels arrived several days late, and has been working like a Turk to catch up in his scholastic work. Although not slated to start against the Cossacks, he will be given an opportunity to display the speed and shiftness which have marked him as one of Santa Ana's most promising backfield candidates.

Bouldin At Quarter
Bill Bouldin, former Anaheim Hi star, probably will get the call over "Tex" Bowden at quarter. Hideo

Battalino Faces Ross At Chicago

CHICAGO, Oct. 21.—(UP)—Barney Ross, Chicago's up and coming lightweight, will get his chance tonight to fight his way into the select circle of 135 pounds when he meets Bat Battalino, Hartford.

Ross has won nine consecutive bouts, in which he gave Ray Miller a thorough beating and knocked out Frankie Petrolle. Battalino has lost twice to Frankie Petrolle in the last few months.

A crowd of about 12,000 is expected to pay approximately \$20,000 to see the bout. Ross is an 8-5 favorite.

AGES OF BOWL IN NEW SPEED RACES TONIGHT

The whirlwinds of the handiebar fraternity will turn loose their throttles again tonight and fly around the Santa Ana Municipal Bowl in another series of 10 spectacular events. As usual the Orange county track draws the cream of the crop of motorbike professionals with all of the favorites including "Bo" Lisman and Cordy Milne, the two chief winners last week again confronting the field.

No cleaner sweep has ever been scored on a Southland track than was turned in under the guidance of P. A. Bigsby last Friday. Indications of just how extensive were the conquests of Bigsby last week can be determined from the fact that he won the mechanics' race. Lisman riding one of his motors grabbed the two main events and several sprints while Cordy Milne rode the second Bigsby motor to victory in other dashes. Race pilots are not usually guilty of excessive jealousy but this performance was too much for the pocket-books of the goggled fraternity.

Back again, of course, is Ming Vain on his German D.K.W. and now that the mechanics have had an opportunity to learn something of the intricacies of this complex importation they believe that they will be able to show the fans more than mere vibration and noise.

George Lannom's come-back at Long Beach has proven that the "Lone Wolf" of the game is again at the door, which probably will mean depression for his rivals.

The mechanics' race of last week was such an instantaneous hit with the crowd that the "hammer-and-wrench" boys will again be given an opportunity to demonstrate their riding ability. The first Class B race ever held at the track also will be staged tonight, the contest being open to beginners. Festivities begin promptly at 8:15.

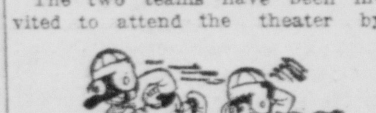

J. C. Rally Tonight At West Coast

A big Jaycee rally, prior to the all-important game with the Pomona J. C. eleven here tomorrow afternoon will be held at the Fox West Coast theater tonight, at which time all members of the Santa Ana team will be introduced from the stage, it was announced today.

At the same time, members of the Santa Ana High School squad, fresh from their game with the Pasadena High school this afternoon will be honor guests for the occasion.

College songs, rah-rahs, and hurrahs will echo from the stage when Jaycee cheer leaders will take a hand to make the rally a real one.

The two teams have been invited to attend the theater by

Manager Eddie Graham and to see "The All-American," big football picture which is on the program for tonight. The picture features the 1931 All-American team, and many other stars, including Plunkert, Shaver, Baker, Swartz, Cagle, Booth, Carideo, Nevers, Dalrymple, and many other prominent stars of last year.

Coaches and captains of both the high school and the Jaycee elevens will make short talks and a big evening is in prospect for followers of both teams.

Walcott K. O.s Bobby Reister

PASADENA, Oct. 21.—(UP)—The attempted ring comeback of Bobby Reister, Alhambra middleweight, after a 10 month absence was abruptly ended in the second round of a scheduled 10 round bout here last night.

Joe Walcott, Los Angeles negro, applied the knockout punch in that round. Walcott weighed 165, Reister, 164.

Hy Luter, 160, El Paso, stopped Jack Keenan, 151, San Diego, in the third round of the semi-final bout. Luter scored two knockdowns in the second round and Keenan's seconds refused to let their charge start in the next frame.

New "Rooting" Section For Don Game

A new "rooting" section will make its appearance at the Don-Pomona game at Poly field tomorrow afternoon.

It will be made up of some 300 boys and girls under 13 years of age, who will occupy the east side of the field who will be in charge of Kenneth Morrison, justice of the peace.

Judge Morrison has put in operation a plan to "take in" all children under 13 as guests of the school and he will have charge of them personally. "And I'll see that they yell, too," he said.

TOM PATRICK MEETS BRADDOCK TONIGHT

HOLLYWOOD, Oct. 21.—(UP)—Tom Patrick, state heavyweight champion, will meet James J. Braddock of New York in the main event of a fight card at Hollywood Legion stadium tonight. The fight is scheduled for 10 rounds. Originally scheduled for last week, the bout was postponed at Patrick's insistence because of an injured nose.

If Braddock defeats Patrick, he will meet Max Baer in a bout at Oakland. Negotiations are pending.

The supporting card will be headed by Joe Skube and Johnny Martinez in a four rounder.

THREE TEAMS TIED IN L. A. TOURNEY

LOS ANGELES, Oct. 21.—(UP)—Six link stars set out on even terms today for the second round of team play in the Southern California Open golf championship at Brentwood.

Three teams were tied for first place in the first round yesterday with ball scores of 65. They were Guy Hanson and Fay Coleman of California Country club; Jim McGregory and Johnny McHugh of San Diego and Tom Endicott and Lew Scott of Wilshire.

Chick Fraser, Southern California veteran, and Lew Scott led the individual scores with 68s.

Nine teams were tied for second place, including Olin Dutra, P. G. A. and Metropolitan Open champion, who was paired with Charles ("Tarzan") Ward; and G. B. Hodge, Virginia club champion, who was paired with Mortie Dutra.

The tournament will end Sunday.

Kotsonaros Winner Over Oki Shikina

HOLLYWOOD, Oct. 21.—(UP)—George Kotsonaros, 230, toppled Oki Shikina, 220, the first barrier along his comeback trail, last night in taking the feature match at Hollywood Legion stadium.

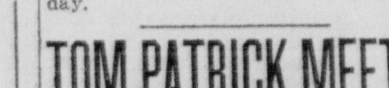

Shikina took the first fall in 26:58 but dropped the second and was hurt. His handlers refused to let him go on.

A 240 pound behemoth, billed as the "Masked Marvel," lived up to his name by dropping Tony Reed, 215, in 6:58. Other results:

Wladek Zhysko, 235, threw Don Anderson, Cosman, 230; Don De Laun, 220, defeated Frankie Schroll, 203, and Bob Printy, 155, drew with Perry Martter, 147.

ANGELS MAY TRAIN AT SAN BERNARDINO

LOS ANGELES, Oct. 21.—(UP)—Lee Ramage, San Diego heavyweight, may meet Mickey Walker or Ace Hudkins in a bout at the Olympic auditorium here.

Ramage has asked Matchmaker Wad Wadhams to locate him an opponent and since both Walker and Hudkins are seeking local engagements, Wadhams may match one of them with the former California champion. Hudkins lost the state crown to Ramage.

Bo Lisman Winner At Los Angeles

LOS ANGELES, Oct. 21.—(UP)—Bo Lisman, youthful Long Beach rider, captured four events, including the sweepstakes, to take high honors in the motorcycle races at White Sox park last night.

Lisman sped across the finish line in the sweepstakes in front of Myny Wain, New York, who was second. He also defeated Cordy Milne, Hollywood, in a match race.

The feature handicap was won by Ray Grant of Portland.

M'LEMORE PICKS CARDS TO BEAT TROJANS: PITT., KY., ARMY, AUBURN, VANDERBILT

NEW YORK, Oct. 21.—(UP)—Sad news, pards, sad news. The old Herr professor, sage of the Catskills and ace football handicapper, is gone.

We learned this today when we sought the professor for his weekly list of winners. When we walked into the long island collar button factory where the professor is on the payroll as a teacher, we were met by the foreman, a person named Ed Smith.

"He's gone," Ed said.

"Where?" we asked.

Ed pointed to a gaping hole in the ceiling. "Through there."

Ed said the professor was putting his invention, an exploding collar button, to the final test when the accident occurred. The invention worked. In fact, worked too well. The professor's collar came off and he took off. Ed wasn't sure whether the professor was done for permanently or not. When last seen he was headed in the general direction of Tuscaloosa, Alabama, and traveling fast.

So there's nothing for us to do but go to bat for the professor. That's okay by us. The professor was batting .750, and we can do that well with one hand tied behind us.

Please watch us go!

Big Swordfish Is Landed At Avalon

AYALON, Catalina Island, Oct. 21.—(UP)—Robert Mankowski, of Beverly Hills, today claimed championship honors in the three-six tackle division of fishing circles.

Using that slender equipment, Mankowski yesterday landed a 121 pound marlin swordfish. His feat topped that of the late George Thomas Jr., who in 1929 snared a 156 pound marlin with three-six tackle after a nine-hour battle.

The separated dumbbell knobs still felt real bad. One said, "This is the chance of the century to get together everywhere we go."

"If you could just connect us we would be as happy as could be. But how you're going to do that trick, I really do not know."

"And neither do I," Scouty cried. And then he added, as he sighed, "We haven't any nails. I must confess that I am stuck."

"A piece of string might work all right, but still it might not hold you tight. And, anyway, we have no string. It seems we're in bad luck."

Just then a faint voice shouted, "Hey! This well that I have come this way, I've heard your conversation and I'll gladly lend a hand."

"Someone must help me with my task. Just follow me, is all I ask," Then Scouty said, "I'll follow you, but just where will we land?"

"And, also, kindly step in sight. How do we know that you're all right? Who are you? What's your name and what do you intend to do?"

A little bug then stepped right out to tell them what 'twas all about. It shouted, "I'm the sap bug and I paste things up like new."

"I'll get my paste. It's very strong," Wee Scouty promptly trailed along and shortly saw the sap bug pull a paste jar from a tree.

Then they returned to all the rest. The bug cried out, "I'll do my best to fix the broken dumbbell. Watch real closely and you'll see!"

The rest then heard kind Scouty cry, "Oh, you just hold the jar up high and I will do the paste job." "That's all right," the bug replied.

The dumbbell heads were held real tight and everything worked out all right. Wee Scouty spread the paste on as they stood there, side by side.

BONERS are actual humorous tid-bits found in examination papers, essays, etc., by teachers.

A deacon is a man well up in scripture history.

Why are Elizabethan times sometimes referred to as the "spacious times of good Queen Bess"? Because during her reign the day was lengthened to twenty-five hours by an act of Parliament.

Frederick the Great thought that armies should always be armed to withstand the hardships of war.

Napoleon's last victories were perhaps his most brilliant, although he lost them.

FAMOUS FOOTBALL PLAYS

AT left is the late Knute Rockne's Notre Dame shift, which throws strength on one side of the line without weakening the other.

The first sketch shows the line in orthodox position before the shift. As the signal for the shift is given, the players take up the position shown in second sketch. The quarterback moves over to the side of the center; the half on the side of the play is to go moves over and flanks the end; the fullback moves over to such a position as to take a pass direct from center, and the other half stands directly behind center.

With this shift the quarterback can either take a pass from center and relay it to the man making the play, which can be either an end run or an off-tackle thrust, or can signal for a direct pass to the intended runner.

BEAUTY SHOP OPERATOR IN \$20,000 SUIT

Alleging that she was so seriously injured in an automobile accident last September that she has been unable to care for her duties as proprietress of a beauty parlor, Eileen Rae has filed a damage suit against W. F. Dalley, demanding \$20,000. In the suit she lists \$15,000 as actual damages and \$5000 special.

According to her complaint Miss Rae was severely injured about the hands, face, eyes, legs and body September 27 when her automobile was involved in a collision with an automobile driven by Dalley. The crash occurred at the intersection of Main street and Ocean boulevard in Huntington Beach and was due to Dalley's negligence and careless operation of his automobile.

Because she has been unable to care for her duties as proprietress

of a beauty shop and has been forced to employ a substitute at \$35 per week she is demanding a total of \$1000 on the grounds that she does not know how long it will be necessary to employ this extra help.

Miss Rae is also demanding \$5000 on the grounds that, due to her injuries, she has been unable to personally care for certain of her valuable clients or to supervise their work. This, she alleges, is causing her to lose \$500 each month. She asks an additional \$500 for medical care.

LIST WINNERS IN ENDURANCE RUN CONTEST

Winners of the contest to guess how many miles the Rockne "65" automobile would travel in the 72-hour endurance drive which ended Monday night were announced today. The car left the stage of the Fox Broadway theater with Ted Leonard handcufted to the wheel. The contest also included guessing the gasoline mileage of the car.

Miriel Gubi, R. F. D. No. 5, Santa Ana, won first place by guessing 1500 miles at 19.9 miles per gallon. The total distance actually traveled was 1511.7 miles and the mileage was 19.89 miles per gallon. The prize was \$20 in cash.

Second prize of \$15 was won by Paul Piper of Costa Mesa, who estimated that the car would travel 1498 miles at 19.9 miles per gallon. Fourth place with a prize of \$5 was taken by Victor Mercado, 1631 Logan street, Santa Ana, who guessed that the car would travel 1368 miles at 19.9 miles per gallon.

Mrs. Ida Boyd, 1110 South Van Ness street, Santa Ana, took third prize of \$10 with her guess of a traveled distance of 1578 miles at 19.9 miles a gallon.

Fourth place with a prize of \$5 was taken by Victor Mercado, 1631 Logan street, Santa Ana, who guessed that the car would travel 1368 miles at 19.9 miles per gallon.

WHAT THE SCHOOLS ARE DOING

Here is pictured the class in Electricity under the direction of Burton Rowley at the Lathrop Junior High school. Every boy in the school has an opportunity to do work in the shops and in this class they acquire ability to make and repair many electrical household appliances. The department costs less than 16 cents an hour for each boy, according to Principal H. G. Nelson.

GIVE RECEPTION FOR TEACHERS AFTER LECTURE

Following the first meeting this year of the high school and junior college P. T. A. at 7:30 o'clock tonight in the high school auditorium, teachers of the schools will give a public reception. It has been decided by the executive committee of the association.

The officers for the high school P. T. A. this year are as follows: president, Ralph Smalley; first vice president, Mrs. M. L. Geeting; second vice president, Mrs. Guy Belcher; recording secretary, Miss Ise Hamann; corresponding secretary, Mrs. J. H. Bower; treasurer, Mrs. F. H. Heine; financial secretary, Mrs. Charles Tibbets; historian, Mrs. Sam Nau; auditor, McKee Fisk and parliamentarian, Sheldon Hayden.

Mrs. Helen B. Paulsen will be the featured speaker at the meeting preceding the reception. A short musical program will precede the talk.

Orange Salesman Faces Court Here

Charged with assault, William F. Rice, 43, salesman of the Orange Inn, Orange, was arrested there Thursday by Orange police on a warrant out of the city recorder's court here.

The man was brought to Santa Ana and Judge J. G. Mitchell gave him a sentence of 30 days in the county jail which was suspended. The complaining witness in the case is Amelia Rice, his estranged wife.

Exonerate Man On Statutory Charge

Alfred Moreno, tried for an alleged statutory offense against a 16-year-old Delhi girl, has been acquitted by a jury in department one, superior court.

Moreno testified in his own defense but attempts of his attorney D. G. Wettlin to introduce testimony of Henry Camarillo, who is already serving a jail term for a similar offense involving the same girl, were balked by Deputy District Attorney Harold McCabe, in charge of the prosecution.

"BIG BROADCAST" PLEASES CROWDS

If Santa Ana audiences are any criterion, motion picture producers will make other pictures in which the radio stars are featured.

For—"The Big Broadcast," now playing at the Fox Broadway theater has proved unusually popular. Hearing stars on the air naturally makes the listeners want to see their faces and hear them sing the same songs and that is what takes place in "The Big Broadcast."

A clever plot, in which Lella Hyams and Stuart Irwin have the leading roles is interwoven with the appearance of the air stars in a manner that is pleasing to all who have seen the picture. The Mills Brothers, Cab Calloway and his orchestra, Vincent Lopez and his orchestra, Arthur Tracy and his mandolin, Kate Smith, song bird of the South, Bing Crosby, the Boswell Sisters, Burns and Allen and Donald Novis all have important roles.

Dr. Russell Speaks At Mesa Gathering

COSTA MESA, Oct. 21.—Dr. E. L. Russell, of Santa Ana, in charge of child hygiene of the county health department, will be the speaker at the annual mother and daughter banquet to be held in the social hall of the Community church next Tuesday evening at 6:30 o'clock.

Mr. and Mrs. George Sherry will play a group of numbers on the violin and piano. The dinner will be furnished and prepared by the men of the brotherhood.

SOCIALIST TO MAKE ADDRESS HERE SATURDAY

Charles L. Helsner, prominent economist who is state organizer for the Socialist party, will deliver an address in behalf of the candidacy of Norman Thomas for president of the United States at a public meeting to be held in the Moose hall, 303 East Fourth street, at 8 o'clock tomorrow night. He also will speak in behalf of James Maurer, Socialist candidate for vice president.

In announcing the meeting, Helsner made the following statement: "All issues today are determined in the terms of capitalism or socialism. Even if it is desired to condemn the Socialist party intelligently it is necessary to know something about it."

"The growing interest in the program of the Socialist party in America is evident in this campaign. The Literary Digest counts the party 2,000,000 votes, which is double the amount of any previous vote."

"All I can say is that American people are more interested than ever. The American ideal of fair play is giving the Socialist party more recognition than ever before. This is clearly shown in the tolerant attitude of Democratic and Republican newspapers, colleges and universities, economists and prominent ministers."

"This tolerant attitude will sooner or later lead to the solution of the problem of overproduction and under-consumption." The speaker is a veteran of the World war and declared himself interested in veterans and all veteran legislation. He announced that he stands ready to defend Socialism and Americanism as being one and inseparable.

TEACHERS AT BANQUET

LA HABRA, Oct. 21.—La Habra teachers who attended the Orange County Teachers' and Principals' association banquet in Santa Ana Thursday evening were Mrs. Margaret West, Miss Ruth Dickey, Miss Audrey Miller, Frank L. Barrows, Miss Charlotte Hewitt, Joe Severns, R. O. Wright, Mr. and Mrs. Albert H. Toy, Miss Leah Fulton and Mrs. Dora Linke.

FINAL REPORT SUBMITTED ON BROWN REVIVAL

Following the closing of the John Brown evangelistic campaign in Santa Ana, the finance committee, composed of L. D. Merceau, H. J. Baxter and the Rev. J. Stuart Hydenus, today made public the financial report of the meetings held here.

The total expense for the rent of the lot, labor, radio, insurance, transformer and electricity, roofing, hardware, plumbing, signs, printing, sawdust and other items, was \$1111.20. The contribution to John Brown for himself and the work he is carrying on in his Arkansas school amounted to \$625.65.

A group of laymen and laywomen have purchased the tabernacle and all the outstanding debts have been paid, the report said. The tabernacle has been rented to the Calvary church of Placentia where a campaign will be held in the near future under the leadership of Mel Trotter.

WELFARE, RELIEF PROBLEMS OUTLINED FOR COUNCIL OF SERVICE CLUBS OF COUNTY

Organization of the Executive Council of Orange County Service Club was effected last night at a meeting in Ketter's cafe when Dr. H. D. Newkirk of Anaheim was elected permanent president of the newly formed organization. Following organization, talks on welfare and relief problems were given.

R. B. Newcom, of Santa Ana, food exchanges are made as far north as Sacramento. The speaker stressed the danger of wrong actions by a mass of unemployed men and the danger of the unemployed organizations incorporating. She said business men should meet with the unemployed to better understand their problems and their work.

Dr. George A. Warner of Santa Ana, member of the Citizens' Emergency committee which works with the Unemployed association, was also a speaker on the program. Dr. Warner lauded the fine cooperation the organization has obtained from the county welfare department and pointed out that the unemployed men represent a great group that are not eligible to county aid under the law because many of them have a small equity in a home or own some other property or perhaps have not been in the state for three years, as the law requires before they can be aided by the county.

The speaker traced the history of the Citizens' Emergency Unemployment committee and the Unemployed association. There were 200 gardens planted last year, he said, and this year a special man is being employed in a community garden project. He outlined the work being accomplished by the unemployed which included renovating clothing, repairing shoes, operating a barber shop and canning department and other work. Payment of rent of unemployed constitutes the biggest problem, he said.

He outlined a plan the unemployed have been following recently to obtain money for the purchase of more cans for canning foods. Special labels marked "unemployed" have been obtained and tomatoes canned by the unemployed here are sold in certain local stores. The profit enables the unemployed to purchase more of the cans which cost \$22 a thousand.

Dr. Warner held out hope of better times by next spring and declared that the depression would bring some good in its wake by bringing people closer together. Some discussion followed the speeches on whether Mexicans should be allowed to join unemployed associations or not, with several of those present presenting both sides of the matter.

Boxer Training In San Clemente SAN CLEMENTE, Oct. 21.—Start Brockway, well known boxer of Butte, Mont., and Portland, Ore., is in the Spanish village training for a match which will be held in Santa Monica the first part of next month.

Red Cross and Unemployed Mrs. Henry Adams of Anaheim was the first speaker on the program. The speaker outlined the work accomplished by the Anaheim chapter of the Red Cross which embraces surrounding small communities. These activities included filling a quota of hospital supplies for the Philippine Islands, receiving 6629 yards of Red Cross cloth for the needy, distribution of 1500 yards of the cloth, distribution of government flour to the needy, distribution of milk for unenrolled school children and aiding ex-service men, she said.

Mrs. C. C. Violett of Garden Grove traced the history of the unemployed association of Garden Grove and told of its activities and organization. The time of the misery of the unemployed, she said, dated back to the time when the county road work ended. "I then called the unemployed together," she said, "and had them start planting gardens."

"Surplus foods were canned. We obtained a state demonstrator to show us how to can food and the 4-H club also helped. Through this program the unemployed learned to help themselves. They then organized, gathered surplus foods. Scrip was issued to members for work performed and this scrip was redeemable in goods at the headquarters. Merchants aided by trading goods for labor. FIRST WALNUT POOL CLOSES NOVEMBER 15

The first pool at the Santa Ana Walnut Growers' association will close on November 15, it was announced today by A. E. Confer, plant manager.

"November 15 is the deadline on the first pool," he said, "and all growers should get their walnuts in to the packing house as soon as possible."

Confer said that nearly all the walnuts were in the house now and that practically all the rest of the walnuts in groves had been blown from the trees by the recent desert winds, which permits cleaning operations now.

The walnut yield in local groves is even better than was expected at the beginning of the season. Manager Confer announced. The packing house will handle 1500 tons of nuts this year as compared with 600 tons last year.

OLINDA P.-T. A. HOLDS PROGRAM

OLINDA, Oct. 21.—The Parent-Teacher association met at the school auditorium this week, with Mrs. J. D. Hartog, president, presiding. Mrs. Robert Isbell was selected investigator for the distribution of the Red Cross cloth and Mrs. A. J. Johnson was appointed the head of the production committee.

Mrs. Mary Lemke's room won the picture for having the most mothers present at the P.-T. A. meeting during the month of October. A committee was appointed to ask Mr. Tuffree to show the picture of his travels and the date was set for the first Friday in November. The following room mothers were appointed to get as many of the mothers of the different grades as possible to bring canned foods and clothing for welfare are:

Kindergarten, Mrs. Hammer and Mrs. E. T. Schriber; first grade, Mrs. A. J. Clark and Mrs. Charles Solofsky; third and second, Mrs. Heckathorn, Mrs. McConnell and Mrs. Courtney; fourth and fifth, Mrs. Isbell, Mrs. Floyd Sharpe and Mrs. G. S. Armstrong; sixth, Mrs. A. J. Johnson and Mrs. Phoenix; seventh, Mrs. Guy Barman and Mrs. M. S. Smith; eighth, Mrs. William Hall and Mrs. James Denison.

The program included a talk given by Dr. K. H. Sutherland and Miss Irene Preble, the school nurse. Mrs. Robert Isbell read a poem, "Autumn." Mrs. Hartog was chosen to represent Olinda at the Brea-Olinda welfare meeting Monday at the American Legion hall in Brea.

Last Rites For Infant Saturday

OLIVE, Oct. 21.—Word has been received by friends of Mr. and Mrs. August Stohlmann of San Gabriel that their nine-month-old daughter, Rosa Mae, had passed away Wednesday evening.

Funeral services will be held Saturday, 1 o'clock, at Emmaus Lutheran church, 308 West Commonwealth avenue, Alhambra, of which Mr. and Mrs. Stohlmann are members. After the service the funeral procession will move to Fairhaven cemetery, Orange, where interment will be made, the Rev. H. G. Hilmer officiating.

Mr. and Mrs. Stohlmann are well known in Olive and Orange, having resided here for many years, previous to their moving to San Gabriel about two years ago.

OPEN HOUSE TO BE HELD SOON BY U. S. NAVY

Score of Santa Ana and Orange county residents are planning to take advantage of the "open house" program on all battleships, destroyers, cruisers, aircraft carriers, and other navy vessels in the San Pedro-Long Beach area next Thursday. This "open house" is a part of the annual Navy Day observance at the port.

According to Capt. R. E. Pope, chief of staff, the ships will be open to visitors between 11:30 a. m. and 5:30 p. m. There will be guides aboard each vessel to escort visitors through the ships and exhibits of torpedoes, diving gear and other equipment will be displayed. At intervals during the day signal, gun, and other drills will be held and planes are to be launched from the catapults.

Visitors will be taken to the 32 vessels by boats leaving the Fifth street landing in San Pedro and Pico landing, Long Beach between 11 a. m. and 4 p. m. A searchlight display is scheduled between 8 and 9 p. m.

Navy vessels in the area include the Pennsylvania, Maryland, West Virginia, Colorado, Arizona, Tennessee, Nevada, Texas, New York, Arkansas, Utah, Saratoga, Lexington, Augusta, Chicago, Louisville, Salt Lake City, Pensacola, Northampton, Chester, Marblehead, Richmond, Concord, Milwaukee, Cincinnati, Argonne, Relief, Medusa, Bridge, Vestal, Broome and Barracuda.

Orange County Teachers HEAR PROPHECY OF LARGER CLASSES; HOLD DINNER MEET

"The Modern Trend of Education" was the subject of an interesting lecture presented by Dr. William Klopp at last night's semi-annual dinner program meeting of the Orange County Elementary Teachers and Principals association held at the Tustin Union High school. Principal Charles A. Weise, who is president of the organization, presided.

Dr. Klopp, who is supervisor of teachers at the Long Beach Woodrow Wilson school, said, in part: "The supervision of teachers in Tustin, and Miss Verna Helm, of Huntington Beach, winners of the Atwater-Kent radio audition in Orange county, sang solos. Each singer was accompanied by Duncan Harnois, of Santa Ana.

Nearly 300 teachers and principals attended the dinner, while the auditorium was nearly filled for the program which followed.

Roosevelt Keeps Lead in National Straw Vote Poll

NEW YORK, Oct. 21.—Roosevelt is leading Hoover by slightly over 3 to 2 in the fifth week's tabulation of the Literary Digest's nationwide presidential poll for which returns from all forty-eight states are reported.

A total of 2,617,135 ballots are tallied in the current returns. Governor Roosevelt received 1,473,444 of these, or 56.30 per cent, and President Hoover gets 973,367, or 37.19 per cent. The balance is divided among the five minor candidates with Norman Thomas receiving 4.36 per cent of the total vote cast.

Hoover is carrying the seven states of Maine, Vermont, New Hampshire, Massachusetts, Rhode Island, Connecticut and New Jersey. He made a slight gain in California and Rhode Island.

The Legion Thanked For Fiesta Help

NEWPORT BEACH, Oct. 21.—At the Legion post meeting this week John Wilcox, commander of the Costa Mesa post, reported on the fiesta held at Costa Mesa. He extended to the Newport Beach post his thanks for the beach Legion post's support in the event. A delegation of 25 Costa Mesa Legionnaires accompanied Wilcox to the Newport meeting.

A resolution was passed by the beach post to pledge a marching unit and the drum and bugle corps in Fullerton's Armistice day parade November 11. The members also arranged to have the drum and bugle corps participate in political rallies in Newport Beach and Balboa.

INTERESTING TRANSLATION OF OLD INDIAN CALENDAR MADE BY SMITHSONIAN AUTHORITY

For the first time in the history of Indian research in the United States, the complete Indian calendar of the Quechesh Indians of California will be published in "Chinigichin," an historical account of the Indians from notes by Father Boscano 100 years ago at Capistrano mission.

The book is being published in the high school print shop under the direction of Thomas L. Williams, instructor. The Indian calendar is incorporated in the book as part of the footnotes which are being written by John B. Harrington of the Smithsonian Institution, said to be the leading authority in the United States on Indian lore and languages.

Because of the intricate characters of the Indian language, special type and characters were ordered by Williams to print the Indian names of the months. Harrington received his inspiration for arranging the calendar from references to the months in "Chinigichin."

Year Begins in Spring The Indian year began at the same time as the month of April and this month was the time when "the grass begins to grow green" and "the spider web now catches butterflies and grasshoppers." The month, in the Indian language, also means "the rain has come and the grass is sprouting. In the Dieguino tongue it is known as "little big month."

The equivalent in Quechesh of May is unexplained, although in the Dieguino the month is "big big month."

The description of June is given as "the eagles now fly. This is the month of Townamal." Young eagles fly in the region in June, as related in the book.

The month of July is named but unexplained. In Dieguino the name means big white month and refers to the bright summer season which has no mist.

Dry Season August in Quechesh means everything is brown and sere. The definition is a description of the month. In the Dieguino the month was known as "little withering away month."

September is named but remains unexplained. The month in Dieguino means "big withering away month."

October, in Quechesh means "little wind whistling sound." The wind makes a whistling sound through leafless trees, and this is the derivation of the name. In the Dieguino it is known as the "little dark month."

November in Quechesh is called "big wind whistling month," and in Dieguino means "big dark month."

December is called "little fat padded month." The crops are gone. "The bear sheds his hair and says, I am fat." In Dieguino it is known as "little clear month" because "it rains and clears off in no time and all the world is shining like."

January is called the "big fat padded month," or in Dieguino "big clear month."

The month of February is called "little tree sprouting month. This is the season when snakes crawl out, frogs sing, trees are juicy and ready to put out leaves, in early spring."

March is termed the "big tree sprouting month."

MANY ENTERED IN J. C. FROSH OFFICE RACE

Perhaps the largest list of nominations for freshman class officers in the history of the institution was announced today at Santa Ana Junior college.

According to Duncan Harnois, sophomore class president, who is in charge of the freshman nominations, unusual interest is being shown by the underclassmen in their election scheduled for Monday.

Four students are in the race for class president, five for vice-president, three for secretary, and six for treasurer, yesterday's nominations revealed. They follow: President—George Lake, Dean Benton, Harold Post and Walter Workman.

Vice-president — George Farquhar, Bud Essert, John Wells, Alta Fisher and Clarence Compton.

Secretary — Austin Joy, Jean Berry and Clarence Lewis.

Treasurer—Miss Leora Hatch, Miss Charlotte Fulton, Miss Ruth Crowl, Ernie Parnum, Jack Wright and Paul Hanson.

CANDIDATE SPEAKS TODAY AT ELSINORE

District Attorney Sam L. Collins, back in his office today to direct his aides in the handling of a heavy criminal calendar in the superior courts, prepared to leave this evening for Elsinore where he is scheduled to make an address to-night in his campaign for election to congress.

Collins, the Republican nominee for congress in the nineteenth district, made two speeches last night, first at Palm Springs and later before an audience of former service men in Banning. His engagement book is well filled for next week.

Collins' candidacy was endorsed today by Carl Newman, of Tustin, president of the Calavo Growers association, who pointed out that Collins was pledged to support his party's policy of a protective tariff, which he declared was of extreme importance to avocado growers.

Friends Shower Gifts Upon Honor Guest At Party

Joining in giving a delightful party Wednesday night, Mrs. Howard Bear and Miss Esther Guyton made Mrs. Jack Casey their guest of honor. The party was held at the home of Mrs. Bear, 415 Eastwood street.

From the lovely flowers which graced the home, most of them in soft colors to harmonize with the pink and white decorative effect sought by the hostesses. Bridge was played informally, but in presenting a prize the hostesses disregarded bridge scores. Instead each guest was required to write what she considered an appropriate name for a baby, then these were collected and Mrs. Casey was asked to draw a slip at random. She chanced to draw that proposed by Miss Marian Taylor, so to Miss Taylor was awarded the prize.

But other gifts were of paramount interest, when a daintily arranged basket was placed before the honor guest and she was privileged to examine the intriguing packages with which it was filled. These were all lovely articles selected for her by her assembled friends.

To complete their hospitality, Mrs. Bear and Miss Guyton spread the card tables with dainty linens and served a supper menu of ham soufflé, salad, hot rolls and coffee, assisted by Miss Ruth Potter.

The invitation list included in addition to the honoree, Mrs. Jack Casey, her mother and her husband's mother, Mrs. Vera Comer and Mrs. W. J. Casey, the Misses Edna Cheney, Marian Taylor, Pauline Parks, Frances Parks, Evelyn Carney, Sylvia Anderson, Ruth Potter, Margaret Gabe, Laura Nelson, Hazel Bell Comer, Ruth L. C. Mendames, William Brand, Leonard La Cooke, Jack Riley, Lawrence Hammond, Lewis Cook, Orin Campbell, Grace Corbett, Carl Planchon and H. W. Thome.

Republican Women of County Announce Political Tea

Santa Ana women whose interests lie with the Republican party have felt special interest in the tea which the Republican Women's committee of the Fullerton and Placentia district have announced for Wednesday afternoon, October 26, in the C. C. Chapman home, East Commonwealth avenue between Fullerton and Placentia. All Orange county women interested in the present political campaign, are invited to attend this function whose hours are from 2:30 to 5 o'clock. It will be the first of a series of such affairs planned by the women of the county, with others to follow in various sections.

Program plans for the opening event, include a talk by Mrs. Robert J. Burdette, well known club and social leader. Also C. C. Chapman has promised to explain Republican principles and how the retention of the party in power, vitally concerns the homes, the mothers and the children of California. Musical numbers will round out the program.

Assisting Mrs. Chapman as hostesses will be Mrs. Albert Launer, Mrs. Sam Collins, Mrs. W. H. Wickett, Mrs. J. B. Horner and Mrs. Howard Irwin of Fullerton; Mrs. T. L. McPadden, Mrs. E. James Tuffee, Mrs. Louis Jacobson, Mrs. Arthur Staley, Mrs. Sam Krasner and Mrs. Frank Rosow of Placentia, and Mrs. H. A. Johnston of Anaheim.

Hostess Group Bases Party Details on "Gay Nineties"

When Mrs. George L. Chapman's committee members of the Senior Guild of the Church of the Messiah staged a "Gay Nineties" party Wednesday afternoon in the clubhouse, they achieved a hilarious success, and the arrival of each guest in her amazing or amusing costume was hailed with delight. Creations by Worth mingled with frocks of the common or garden variety, with many old time pictures, bronzes, books and magazines lending appropriate background.

Mrs. Terry E. Stephenson, with charm and sparkling wit, gave some of the high lights of the period in question and was followed by the Misses Isabel and Betty Bondley who, in quaint costume, danced through the "Rye," to the pleasure of the spectators. Mrs. Lineberger was accompanist for the dance.

Violin numbers by Kenneth Aiken, "Menuet in G" and "Berceuse" from "Jocelyn" were much enjoyed. Ione Tushen Peek accompanied. Holly Lash Vissel's lovely voice was heard in a group of songs of the period, with Mrs. Peek at the piano. The latter read the sentimental circumstances under which "The Last Hope" was written, then played the selection followed by "Hearts and Flowers."

Little Miss Irene Robinson, in quaint period costume, presented each of the artists with a flower corsage, and then led in a grand march in which all those in special costume, were asked to join. The parade led past the judges who awarded first prize to Mrs. Stephenson, second to Mrs. S. J. Had-

son, third to Mrs. E. F. Museus and honorable mention to Mrs. E. C. Humphrey. Mrs. Stephenson wore a costume created for Mrs. Samuel Nau in 1890. It was of black peau de soie, a fabric of unbelievable elegance. Its floor-length skirt had a four-inch ruffle; its snug bodice had revers edged with passementerie, and vest and collar of delicate pink. Completing the costume was a hat laden with ostrich plumes and three pink roses.

Invited to the table, guests found it spread with a fringed linen cloth and arranged with massive silver in accordance with the elegance of the nineties. Mrs. L. H. Hill and Mrs. W. V. Brady of Garden Grove, presided, while assisting in serving were the Misses Katherine Chapman, Gertrude Chapman, Marjorie Hatter and Lorraine Farrage.

Mrs. Chapman's hostess committee included Mrs. C. E. Moore, Mrs. Charles Riggs, Mrs. L. H. Hill, Mrs. Christian Bondley, Mrs. C. M. McCain and Mrs. W. V. Brady.

Plant Culture Traced Through Centuries For Ebell Group

The influence of flowers, plants and trees referred to in the Bible upon early art and history, and the preservation of these growths down to present times were unusual aspects of plant culture which members of the Ebell Garden section found of extreme interest when related by Ted Blanding of the Blanding Nurseries yesterday. The section met in Ebell clubhouse to hear Mr. Blanding's discourse on "The Accumulation of Garden Materials." Mrs. Walter E. Watkins, leader, conducted the meeting.

The lotus flower was one example cited by the speaker as an influence in ancient art, while he told another interesting story of the custom of giving each bride a sprig of myrtle at ancient marriage services. This myrtle was planted, and cuttings from the shrub handed down from generation to generation.

Today, Mr. Blanding pointed out, plants are exchanged between every nation and careful study is made in each case of proper conditions for its growth. The speaker compared the plants of this country with those of South Africa, declaring that America was indebted to the latter country for many of its trees and semi-tropical plants. Mr. Blanding emphasized the value of a study of soil content in preparing for planting.

A large exhibit of chrysanthemums was on display in the clubhouse.

Announcements

The Legion Mothers' club will have an all-day quilting meeting Monday in the home of Mrs. Mary Crisman, 617 South Birch street. Each will take some contribution to the covered dish luncheon to be served at noon.

Panhellenic society will meet Tuesday evening, October 25, at 7:30 o'clock in the home of Mrs. Robert Northcross, 1218 Spurgeon street. Mrs. Roland Rosset, Mrs. W. L. Deimling and Miss Anna L. Trythall will be hostesses with Mrs. Northcross.

The Orange County Garden club will meet Saturday at 2:30 o'clock in the Orange Woman's clubhouse. Mrs. G. A. Rawlins, state chairman of garden clubs for the Federated Women's clubs, will be the speaker. Mrs. H. A. Johnston of Anaheim, county chairman of garden clubs, will preside. A flower display and fine program have been arranged, and Orange women will act as hostesses at a tea. All women in the county interested in attending will be welcome.

Ebell Current Events section will meet Tuesday at 12:30 o'clock for luncheon in the clubhouse. Members unable to be present are requested to advise Mrs. G. W. Leive, 785-R, or Mrs. Walter E. Hickey, 4489.

"Young America" Trio To Be Heard Monday At Ebell Meeting

Ebell society members many anticipate a musical program for their entertainment Monday afternoon at 2 o'clock in the clubhouse auditorium. For the program committee has arranged to present "Young America" in trio, in the persons of Sylvella Jarvis, soprano; Douglas Steade, tenor, and Raymond McFeeters, pianist.

Wherever they have appeared, these young artists have met with acclaim, not only in their home city of Los Angeles, where critics have been most generous in their praise, but at concert recitals in the northern part of the state, particularly in San Francisco, Oakland and Sacramento.

Miss Jarvis also met with unusual success last year when she concertized in the Orient. She is promised as a lyric soprano with an unusually radiant and singing tone. Mr. Steade has achieved a similar success in his concert work and is an extremely popular radio artist, while the pianist, Raymond McFeeters, is recognized not only as an able and fluent accompanist, but as a solo player of brilliancy and power.

The program will begin immediately after the very brief routine opening which Mrs. Paul Bailey, Ebell president, will conduct at 2 o'clock Monday afternoon.

YOU and your Friends

Mr. and Mrs. Terry E. Stephenson and Mr. and Mrs. Edmund C. West have left for the north to attend the Stanford-U. S. C. football game at Palo Alto tomorrow. Mr. and Mrs. H. J. Porey and daughter, Miss Dorothy Porey, of 2167 North Broadway, left this morning by automobile for the Grand canyon on a trip to occupy about two weeks. The Poreys will visit Phoenix, Ariz., and various other points en route.

Mrs. J. H. Tompkins, 711 South Sycamore street, has returned from a two months' trip east, going via Santa Fe. She enjoyed visits with relatives and friends, stopping in Illinois, Missouri and Ohio.

Mr. and Mrs. E. H. Hawkins, 1017 West Fifth street, entertained as their guests last night, all employees of the Standard Oil company of Orange, together with their wives, friends and a number of out-of-town guests. Part of the evening's entertainment was

Willard School Scene Of Tea For Faculty And School Heads

Frank A. Henderson, city superintendent of schools, Mrs. Henderson, George R. Wells, president of the Santa Ana board of education, Mrs. Wells, members of the latter board, and Mrs. T. R. Trawick were among those receiving special invitations to the tea given for Willard supervisors, faculty members and their wives and husbands in the library of the Frances Willard junior high school yesterday. Receiving guests at the tea were Lyle C. Mitchell, principal, Mrs. Mitchell and Mrs. Arnold Lund, girls' adviser at the school.

Throughout the afternoon the Santa Ana String Trio, composed of Miss Georgia Walton, Miss Ruth Armstrong and Edward Burns, delighted with incidental music as guests received their tea from Mrs. Horace Scott and Mrs. Gerald A. Oliver, officiating at the tea table, and Miss Evelyn Metzgar and Miss Fannie Steel serving. Two little girls, the Misses Beverly Hendrickson and Patty Bennett, frocked in black and wearing little caps and aprons, made charming assistants. Decorations were suitable to the season, bouquets of chrysanthemums being used except upon the tea table, which was graced by tea roses.

Los Angeles Ceremony Unites Miss Rees And L. A. Man

With only members of the two immediate families as witnesses, Miss Lois Rees, daughter of R. R. Rees of Anaheim, and well known in this city, and Leland Auer of Los Angeles were married quietly in the Episcopal cathedral of Los Angeles at a ceremony performed at 5 o'clock Wednesday afternoon. Bishop Bertrand Stevens read the rites.

Charmingly groomed in blue crepe made a lovely bride, a distinctive touch being added to her costume and carrying flowers, Miss Rees by the cameo over 160 years in age and worn by brides in the Rees family for several generations, which she wore.

Present at the service were R. R. Rees and Victor Rees, brother of the bride, and Mr. Auer's parents and two sisters, of Sierra Madre.

The bride, who studied dramatics at Cumnook school, from which she graduated, followed this study with a year's work on the stage, enjoyed as a member of the Henry Duffy players, with whom she appeared all over Southern California. Further work followed at the University of Southern California before she returned to Orange county to become active in Santa Ana Community Player projects.

Mr. Auer, who graduated from the College of Music at the University of Southern California, is now associated with the vast musical organization superintended by Harold William Roberts in Los Angeles, and, as a trombonist, is in constant private demand for musical presentations in that city.

The new Mr. and Mrs. Auer will make their future residence at 251 North Kenmore street, Los Angeles, their friends have learned.

Pegasus Club Enjoys Afternoon in Bond Home

Pegasus club members were entertained Thursday afternoon in the home of Mrs. Clarence Bond, 2019 Victoria drive, where Mrs. Bond's mother, Mrs. Harry Havelly, was hostess. Mrs. Earl Morris presided over the business session and story hour, whose subject was "Creative Ability."

Mrs. Charles Brisco sang two numbers, "The Wind Song" and "Drink to Me Only with Thine Eyes," then read a poem written by Mildred Baldy Brady, "Little Herbie Hoover," with apologies to James Whitcomb Riley.

An original sonnet, "My Castle House" was read by Mrs. George Bond, after which Mrs. Justus Birtcher contributed an article "Creative Ability of a Negro," which she had read in an October magazine. This was a story of George Carter, the distinguished negro scientist.

Mrs. Hugh Neighbour read a story, "The Quilt and the Pillow Case" and Mrs. Frank Was read from an original story, "All the World." Mrs. Ina Wilkie read a paper which she had written on a recent vacation.

At the close of the program, guests were invited to the dining room, where Mrs. Bond and Mrs. Havelly served a delicious menu.

Faculty Reception

Members of the Edison school faculty were formally presented to parents and officials of the Edison P. T. A. at a reception in the school auditorium Tuesday night addressed by Terry E. Stephenson. Mr. Stephenson's subject was "The Early History of Santa Ana," and his talk abounded with references which his listeners found valuable and entertaining.

Violin selections by Floyd Haskell were accompanied by Gareth Cartrell, a banjo and mandolin duet following by Jean and Donald Hamaker. Cowboy songs were rendered as duets by Keith and Harold Jeece, with Merle Manderscheid, Meten Mathews and Harold Jeece closing the program with steel guitar numbers.

ROBBERS BUSY IN HUNTINGTON BEACH

HUNTINGTON BEACH, Oct. 21.—The petty thieving throughout the city is causing worry to residents. Half a dozen garages have been looted of auto accessories and stealing gas from cars is almost a nightly occurrence.

Mrs. Frank Nisson lost a large quantity of preserved fruit stored in jars in her garage in the 600 block on Geneva street. Mrs. Parsons in the 800 block on Geneva street also lost 70 cases of preserved fruit in glass jars kept in her garage.

The residents in the northeast portion of the city, after being bothered for several nights by a peeper finally succeeded in capturing a man said to be past 65 years of age. It is said that a warrant for his arrest will be issued.

The police department working with a reduced force, maintains a night patrol of the city using two men in an automobile and the oil companies employ a patrolman in the oil field area.

Howard Robideaux, motorcycle policeman, was awakened in his home one night this week and thought he saw a man in his bedroom. He sprang out of bed and discovered that what he saw was the reflection of a man's face in the bed room mirror. The policeman rushed into his yard but the night peeper succeeded in getting away.

Orel Hare Made Firemen's Head

WESTMINSTER, Oct. 21.—Owing to the inability of Francis Penhall, who was elected fire chief of the proposed Westminster fire department, to accept the place on account of conflicting business interests, Orel Hare has been appointed to take the position.

Seven local business men were at the meeting at which the appointment was made, Bill Hannagan, Asa Snow, Henry Schmidt, Dr. R. I. Johnson, Raymond Burns, W. H. Bentley and Orel Hare.

The first regular meeting of the department is being held Monday evening and the new fire chief and his assistant, Hollis Pitt, are choosing their firemen this evening.

NEW CLUB FORMED IN TUSTIN MONDAY

TUSTIN, Oct. 21.—A Fishermen's club is to be organized in Tustin for young men of 15 to 25 years of age. The purpose of this club is for social and spiritual endeavor. The Santa Ana Fishermen's club is planning to unite with the Tustin club.

The combined club will meet in the Tustin Presbyterian church. The first meeting will be held Monday at 6:15 p. m., with a supper in the church social hall. All young men between the ages of 15 to 25 are invited to attend.

Those planning to attend are asked to notify the Rev. J. Stuart Hydanue, telephone 1594W.

The Santa Ana Fishermen's club is to have charge of the combined Intermediate and Senior Endeavors Sunday at 6:30 p. m.

USE THE STOPPER

NOT the Ink!

CURTAILING classified advertising appropriations or cancelling newspaper advertising schedules, won't put the cork back in the red ink bottle... nor will discarding the "stopper" eliminate the need for the use of red ink in the accounting department.

As has been proven time and again in the past, the persistent and consistent use of the Want-Ad columns of the Register WILL most affectively put a stop to the red ink flow... We suggest that you use THIS medium to eliminate the NEED for the use of red ink.

USE THE STOPPER—AND NOT THE INK.

YORBA LINDA GIRL BRIDE OF RIVERSIDE MAN

YORBA LINDA, Oct. 21.—At a simple single ring ceremony, and in the presence of a large group of neighbors and friends, Elmore Pickering, daughter of Mr. and Mrs. A. C. Pickering, became the bride of Charles S. Ralston, of Riverside,

last night at 7 o'clock at the family home on Park place, the Rev. George Tinsley of the Fullerton Christian church performing the ceremony.

The bridal couple took their places before an arch of smilax and chrysanthemums, where the bride was given away by her father. She was attired in a simple gown of white tulle, and carried a bouquet of pink roses. The bride and bride groom were unattended.

The music for the occasion was provided by a string quartet from the Ramona Mulligan school of music of Fullerton, with Miss Mulligan at the piano, and Carolyn Pickering playing the cello, Roland Boeger, violin, Dick Mages, violin, and Georgia Green, violin. Preceding the ceremony they played a

group of selections and Miss Olive Gale sang "I Love You Truly." After congratulations, the bride cut her beautifully decorated cake at the reception. The bride and bride groom slipped away for a short honeymoon. For the trip, the bride was dressed in a tan suit, with accessories to match. They are to be at home to friends in a newly established residence at Riverside in the near future.

The bride is a talented violinist. She was graduated with the class of '32 from Fullerton Union High school. The bride groom is a native of Kentucky and has resided in Riverside for three years.

Attending the reception were Mrs. Elizabeth Bowen, Miss Grace Bowen, Mrs. Daisy Deane and Oscar Barnett of Riverside; Mr. and Mrs. Fred Gavotte, Mr. and Mrs. Penn Pickering and son, Roger, and Mrs. Florence Pickering and son, Seth, of Puente; Mr. and Mrs. M. J. Pickering, of La Habra; Mr. and Mrs. G. B. Ellis and Mrs. Elvira Pickering Hall, of Whittier, and Olive Gale, Mr. and Mrs. Ross Johnson and two daughters, Arlene and Marilyn. Carolyn Pickering, Emmaline Weatherwax, Wanda Gale, Josephine Neely, Caprola the bride, Ruth Cromwell, Olive Lowrey, the mother and father of Neely, Vera Beers, Evelyn Thomas, Yonika Dobashi, Irene Stanley, Marguerite Ross and Audrey Ton, Yorba Linda.

LEAVE FOR PASADENA

SAN CLEMENTE, Oct. 21.—Miss Emma Wierk and Miss Bertha Wierk, society women of San Clemente and Pasadena, will leave here soon for their winter residence in Sierra Madre. They will be in the Pasadena village during the week ends.

LA HABRA TEAM WINS

LA HABRA, Oct. 21.—The La Habra grammar school boys' indoor baseball team won its second victory Wednesday afternoon in a game with Brea grammar school. The score was 12 to 3.

MAKE THIS MODEL AT HOME

FOR SMART YOUNG ONES
Pattern 2454
By ANNE ADAMS

Caplets and peplums will never cease to be adored by our younger set for they love their swing and grace. The model sketched today fairly takes our breath away with its smart front panel and graceful collar cut in one. A tiny naive bow fastened at the throat completes a perfect picture. Cottons, we echo, again.

Pattern 2454 may be ordered only in sizes 6 to 14. Size 10 requires 2 1/2 yards 36 inch fabric. Illustrated step-by-step sewing instructions included with this pattern. Send FIFTEEN CENTS (15c) in coins or stamps (coins preferred), for this pattern. Write plainly your name, address and style number. BE SURE TO STATE SIZE WANTED.

The choice of a smart, sensible and economical Fall and Winter wardrobe becomes very simple with the aid of THE NEW ANNE ADAMS PATTERN CATALOG. This beautiful book contains 32 pages of select Anne Adams models for every FALL and WINTER need — house, street, afternoon, formal frocks and lingerie for adults; pages of lovely models for juniors and kiddies; special styles for the larger figure, and many delightful suggestions for Christmas sewing. SEND FOR YOUR COPY. PRICE OF CATALOG, FIFTEEN CENTS. CATALOG AND PATTERN TOGETHER TWENTY-FIVE CENTS. Address all mail orders to Santa Ana Register Pattern Department.

Cheering Up Those Aged Floors

Stained, aged floors are an offense to the eye, aren't they? But why let them be, when paint is so cheap and good painters going begging? Indeed, if you want fresh floors badly enough you can turn painter and do yourself two good turns—get a fresh floor and put the old waistline and imperial hips through their paces. (It's grand exercise, I speak from experience.)

First a word about the proper way to paint a floor: when I began my own operations I thought one had to follow the grain of the wood always, and I did, but somehow it never looked quite right. Then, I watched a real painter do a floor and noticed that he painted not along the grain, but across it, his arm and brush describing a half arc. He used far less paint than I, and it had the appearance of covering a lot more space, the finish even and thick.

Now, let's discuss grades and colors. It is wisdom to buy a high-grade floor paint—that is very apparent. And by paying the top price you can have the paint mixed to please you rather than being obliged to take the narrow range of stark looking colors in ready mixed cheap paints. Test

your shades first and add to it if it doesn't please you. The paint man will tell you exactly what your shade needs.

Tomorrow I will tell you what I did to an old soft wood floor before painting it and how the paint was protected afterward so that it has stood up under the hardest kind of wear.

TODAY'S RECIPE

Preserved Figs
1 pound white figs
1/2 pound sugar
1 lemon cut in fine shreds, pulp and peel

The reader who used a fig recipe of mine several years ago is asked to clip and try this recipe. I have eaten figs put up by this recipe and found them so very good I sent for the recipe.

Please note the small quantities involved. It is wisdom to put up any delicacy in small amounts if you care for fine flavor and finish. This is especially true of certain grades of strawberry jam in which the whole berries float in delicate jelly, and in this special way of going up figs.

If black figs are used they must

WESTMINSTER

Miss Shirley Day, who attends junior college in Santa Ana, was one of the hostesses at a club party held at Irvine park. Mr. and Mrs. Dudley Smith and son, Dudley Carrol, of Alhambra, attended church services in Westminster Sunday.

Mr. and Mrs. Sam Hughey and Mrs. Hughey's mother, Mrs. Maggie Smithing, of Los Angeles, called on Westminster friends Sunday. The visitors resided in Westminster some years ago.

THE WEEKLY PANTRY SHELF

SEW ON RED CROSS MATERIALS OCT. 26

PLACENTIA, Oct. 21.—Those interested in cutting and in making the Red Cross materials into clothing are planning to meet at the domestic science rooms at the Bradford avenue school next Wednesday. The work is to be under Miss Mabel Anderson, domestic arts teacher of the school.

The cloth may be obtained in Placentia through Mrs. Nellie Cline, chairman of the Placentia Community Welfare association, and through Mrs. T. L. McFadden, Red Cross chairman for this district.

Mothers who are unable to sew will have clothing made for them by the women who meet with Miss Anderson. Others may obtain the cut materials through applying to Mrs. Cline.

Kiwanis Leaders Attend Meeting

FULLERTON, Oct. 21.—L. O. Culp, president, and Harry Williams, president elect, of Fullerton Kiwanis club, with Mrs. Culp and Mrs. Williams, are attending the Kiwanis convention of California and Nevada clubs at San Francisco.

FIREMEN PRACTICE

MIDWAY CITY, Oct. 21.—The first alarm for the Midway City fire department came at 10:30 o'clock Wednesday night and although it was a practice run, seven men responded at the garage in time to take the truck to the Robertson's drug store, where the alarm is located. Harold Robertson is chief of the department.

Unemployed Get Use of Building

WESTMINSTER, Oct. 21.—The Unemployed Co-operative Relief association of Westminster district has secured the store building located on the south side of Westminster avenue from Thomas Haster as a commissary building and members are arranging it for the purpose of storing their goods.

The association, which consists of groups from Westminster, Midway City and Barber City, has the chance to secure several varieties of vegetables which will be exchanged for other edibles from other associations.

The putting up of sauer kraut and hominy will be carried on in this building.

Union Sponsors Poster Contest

BUENA PARK, Oct. 21.—It was announced that a poster contest will be held among the children in the art department of the schools, at the regular meeting of the W.C.T.U. held in the social hall of the Congregational church this week. Mrs. E. A. Kinney was in charge of the meeting. Membership plans were discussed. Mrs. J. B. Robinson, program chairman, read a questionnaire for voters.

YEAR BOOK PLANNED

BREA, Oct. 21.—Brea-Olinda Union High school classes met Wednesday afternoon. At this time the freshmen class chose its colors, blue and white. Plans were made to have programs at future meetings. The senior class chose a treasurer, Ernest Long. Plans are being made by the classes to raise money to meet the expenses of the annual.

TALBERT

TALBERT, Oct. 21.—The Pentecostal tent which has been located in Talbert the past month has been taken to Garden Grove by Evangelists Gay and Fox. Miss Mabel Jean Brown, W. C. T. U. worker, was entertained as an overnight guest in the home of Mrs. S. E. Talbert.

Mr. and Mrs. Henry Lacabanne entertained as their guests at dinner, Mrs. Lacabanne's two sisters

and their families, Mr. and Mrs. Peter Lacabanne and son and daughter and Mr. and Mrs. Henry Landin and son, of Los Angeles.

DRAIN PIPE FOR GROVE

MIDWAY CITY, Oct. 21.—Over a fourth of a mile of tile has been put in by Ralph Rumbold on his 10-acre orange grove located at the intersection of Huntington Beach boulevard and Hazard avenue, as a drain for excess water flowing in from adjoining Japanese berry fields.

HANSEN

HANSEN, Oct. 21.—George Trefren is convalescing at his home from an attack of influenza.

Mrs. A. L. Wolfert and daughter, Dorothy, spent a day recently with Mr. and Mrs. John Burch, of Long Beach, who resided formerly in Hansen.

Mr. and Mrs. W. F. Wing, of Pomona, visited relatives, Mr. and Mrs. J. W. Wing, Wednesday.

Mrs. J. R. Allen has moved to Pasadena from her home on Hansen road.

Herbert Hanneman and George Wittaker motored to Los Angeles recently on a business trip.

Mr. and Mrs. Charles Tiernan and daughter, Geraldine, are staying with Mr. and Mrs. Roy Lathrop. The Tiernans lost all of their possessions in the fire which destroyed their home on Lincoln avenue October 8.

Mr. and Mrs. Charles Eckert and

daughter, Helen, were Sunday dinner guests of Mr. and Mrs. C. W. Hicks in Anaheim.

Mr. and Mrs. Marc Nordstrom and daughter, Georgina, and George Trigg were guests recently of Mr. and Mrs. Joe Ledbetter in Bellflower.

Mr. and Mrs. Walter Blittner and children, of Anaheim, formerly of Hansen, were visitors recently of Mr. and Mrs. Ralph Shearer. Sunday dinner guests of Mr. and

Mrs. A. L. Wolfert were Mrs. Carl Freece, of Los Angeles, and Mrs. W. E. Cushman, of Compton.

Marjorie Wahlberg of Santa Ana, is visiting her grandparents, Mr. and Mrs. J. W. Wing, this week.

Mr. and Mrs. Stanley Reid were Sunday dinner guests of Mr. and

Mrs. A. J. Wall in Long Beach. An evening of bridge was enjoyed Monday evening, when Mr. and Mrs. E. C. Kenard were guests of Mr. and Mrs. Herbert Hanneman.

Honey Maid Grahams
win in the race

Vitamins...calories...Honey Maid Grahams abound with them—especially Vitamin B, which is so important for growth. Mothers are interested in facts such as these. But youngsters care more about the crunchy goodness and incomparable flavor (sweetened with honey, you know). Honey Maids are the ideal between-meal "bite"—for mothers know that they encourage healthy appetites.

CALUMET FRUIT CAKE (10 Eggs)

1 pound sifted Swans Down Cake Flour
1 teaspoon Calumet Baking Powder
1/2 teaspoon cloves
1/2 teaspoon cinnamon
1/2 teaspoon mace
1 pound butter or other shortening
10 eggs, well beaten
1/2 pound candied cherries
1/2 pound candied pineapple
1 pound dates, seeded and sliced
1 pound raisins
1 pound currants
1/2 pound citron, thinly sliced
1/2 pound candied orange and lemon peel
1/2 pound nut meats, chopped
1 cup honey
1 cup molasses
1/2 cup cider
Sift flour once, measure, add baking powder and spices, and sift together three times. Cream shortening thoroughly, add sugar gradually, and cream together until light and fluffy. Add eggs, fruit, peel, nuts, honey, molasses, and cider. Add flour gradually. Bake in four paper-lined pans, 8x8x2 inches, in slow oven (200 deg. F.) 2 1/2 to 3 hours. Makes 10 pounds fruit cake.

IRVINE

IRVINE, Oct. 21. — A number of local people attended the card party at the Community hall Friday evening, with prizes for "500" being awarded to Mr. and Mrs. Claude Parham, high, and Mrs. D. C. Hazen and Henry House, low. Prizes in bridge were awarded to Mrs. Silas Bardwell and George B. Prather, high, and Mrs. Thomas Shedd and Mr. Stewart, low. The parties are to be held every two weeks on Friday evening. Refreshments of sandwiches, combination salad and coffee were served by Mrs. Ellen Wolford.

COSTA MESA

COSTA MESA, Oct. 21.—Mr. and Mrs. Wm. Moore, of Albert place, have left for a month's stay with their daughter in Arizona. Mrs. E. Pickering, of Victoria street, entertained a group of "mystery daughters" at her home recently. Games of a contest nature and stunts occupied the group for several hours. Refreshments were served. Invited guests were Wanda Thompson, Miriam Brown, Doris Gibson, Doris McMurry, Evelyn Rollins, Ardeth Lowe, Helen Davis, Mary Conwell, Margaret Klippel and Jeanette Kesel. Sunday dinner guests at the home of Mr. and Mrs. Harry Thayer, of Fairview avenue, were Mr. and Mrs. John Swales, Mrs. Estelle McKenzie, and Dr. J. Krylle, all of Los Angeles.

The Rev. Jesse Moore and Robert Moore, of Ceres, Calif., called at the D. Gibson home Tuesday en route to their home after a trip to Texas. The Moore brothers were former schoolmates of Mrs. Gibson.

Mr. and Mrs. Fred Finch, of Balboa street, report the birth of a 9-2-4 pound grandson, Donald Kenyon, born October 13. He is the son of Mr. and Mrs. Kenyon Wells, of Long Beach.

Mr. and Mrs. E. Pickering spent the week end with the Joe Pickering family of Pasadena.

Eight local W. R. C. members attended the Santa Ana W. R. C. session Wednesday afternoon. They were Mesdames Etta Tead, local president, Margaret Long, Maud Joseph, J. R. King, C. M. Rollins, J. Pangle, M. Langdon, and C. E. Wood.

Mr. and Mrs. T. J. Reynolds spent Tuesday at the home of Mrs. D. A. Wright, of Los Angeles.

Harold Pangle, son of Mr. and Mrs. J. L. Pangle, of Wilson street, who is a student at the Oregon State college, was home Saturday evening and Sunday. Harold was down with the Oregon State college football team that played U. S. C. Saturday. Mrs. J. Pangle entertained with a dinner Sunday noon in honor of Harold. Guests present were Walter Mellett and Clyde Hunter of Costa Mesa, and Allen Kilder, of Santa Ana.

Harold Boos of the Westminster school faculty and Mrs. Boos and their baby returned Sunday from a week-end visit at Oxnard with Mrs. Boos' parents.

E. N. McAllister is confined to his home by illness.

Mr. and Mrs. Wayne Arnett, Miss Lillian Arnett, of Midway City, and a cousin, Vernon Butts, of Exeter, spent Sunday with Mr. and Mrs. Verne Hodge at Winchester. Vernon Butts, who came Friday as a guest of his relatives, returned to his home Monday.

The Rev. and Mrs. J. J. Woodson entertained as their guests Sunday, their son-in-law and daughter, Mr. and Mrs. Bishop Galloway, and their son and daughter, of Colton, and son-in-law and daughter, Mr. and Mrs. Cecil Sauers, and son, of Santa Ana.

Mrs. M. E. Peters was in Los Angeles with her sister, Mrs. R. H. McKee, and her young daughter, Patsy Joan, whose birth occurred last Friday.

Mr. and Mrs. Walter Goode, of Corona, were entertained as guests in the home of their relatives, Mr. and Mrs. William Schmidt, recently.

Mrs. James Montgomery, of Oregon, is a house guest of her par-

ents, Mr. and Mrs. A. N. Smalley. The visitor will remain several weeks. Haskell Smalley, brother of Mrs. Montgomery, will take Mrs. Montgomery home at the conclusion of her visit.

Mr. and Mrs. W. C. Wilson were entertained as dinner guests Sunday by Mrs. Flagg and in the

afternoon they took a motor trip accompanied by a friend, Miss Ruth Crosby, of Santa Ana. Mrs. Wilson, who has been confined to her home by illness, had as Saturday visitors, her cousin, Miss Carolyn Cragin, and her niece, Mrs. Richard Hancock, of Santa Ana.

BARBER CITY

BARBER CITY, Oct. 21.—The new house which J. Snuitz, of Long Beach, is building in Barber City, is nearing completion, all construction work being completed and

only the plastering remaining to be done.

Miss Maxine Wells, of Santa Ana, spent the week end as a guest of Mrs. Sally Barron.

H. Laden has taken the Hall house and with his family has moved to Barber City.

FRANKNESS CAUSES FLUTTER

The Right Honorable Montagu Collet Norman, governor of the Bank of England, comes out with a declaration that he doesn't know the cause of the depression, and at once it causes the stocks in New York to sag several points.

He paints a rather dark picture because of his confession of lack of knowledge, and of course, it is the picture that causes the sagging of stocks. But after all, he did not give the world any particular news. He probably could tell many reasons that aided in the depression. Nobody dreamed that he knew the fundamental and entire cause of the depression, and making the confession injured confidence and depressed hope.

Even at that, we believe the training Mr. Norman has had in the army qualifies him to speak along military lines as well, if not better, than on economics. The fact of his position does not necessarily insure that he possesses the knowledge some other economists and students may have upon the question.

There are some things, however, which he suggested in his humility that we can well ponder. He emphasized our interdependence; that the people should get together. He suggests a conference. Conferences cannot accomplish very much, when the policies of the nations, represented by the conferees, are entirely antagonistic, one to the other.

An unselfish group, with wisdom, with unlimited powers to do, and direct, certainly ought to be able to work out our economic problem, at least to the extent of insurance that those ready and willing to do their part in the world, shall receive sufficient for their sustenance and comfort, if there is enough produced, and it is granted that there is. The problem of too much is not an inherent difficulty.

It simply goes to emphasize that unselfishness must be attached to brains in the determination of the program. When we forget that Mr. Norman acknowledged his limitations, stocks will rise again.

SERIOUS BUSINESS

Shortly after Governor Rolph was inaugurated, it will be recalled, the news was flashed over the state that the insurance partnership, with which Mr. Rolph was connected, had been taken charge of by his son, and that there was considerable state business either being thrown, or to be thrown in his direction.

Now it appears that companies represented by this group of Rolph, Landis and Ellis, furnished personal bonds for state employees totaling \$1,715,000 during the Rolph administration. These same companies wrote only the small sum of \$35,000 of such bonds during Governor Young's administration, while the singular fact stands out that all other companies, combined, only wrote \$30,000 of this business during Rolph's administration.

Another remarkable incident is disclosed by the investigation, which is that nearly half of the bonds provided by oil companies to guarantee the payment of the state gasoline tax were written by this group.

During the Young administration, state employees' bonds totaled nearly \$1,724,000. And the business was divided up among 15 or 16 major insurance and bonding companies. While under the Rolph administration, with a total business of this character of \$1,715,000, \$1,415,000 was given to the American Bonding Company, for which Mr. Rolph's son is the agent.

We are not presenting these facts because we are surprised, for in the light of what has been done with our institutions, the character of appointments made, and the character of men who have been propelled out of positions, for which they were eminently fitted, we would be surprised at nothing that the state administration would do, on behalf of throwing business to the members of the immediate family or to friends. It is the way that a certain type of politician believes in conducting politics. And Mr. Rolph apparently believes in this to the nth degree.

WHAT HAS BECOME OF GERARD'S RULERS?

A few years ago ex-Ambassador to Germany Gerard listed fifty or more men whom he believed to be the real rulers of the country. They were not the elected representatives of the people in Washington, but men who stood high in the financial and the industrial world. The publication of the list provoked considerable discussion at the time.

That list needs to be revised today. Many of the men whose names were listed have been discredited in the business and the financial world. All of them have been proven, in the light of the depression, to have been rather poor managers, with little understanding of the inner laws which govern in the world of banking and industry. Some one has said that the usual advice, "Consult your banker," which is given to those seeking counsel concerning investments, no longer has value. And certainly, some of our leading industrialists who spoke with great authority a few years ago have been very much deflated.

Perhaps there is no time in our national history when fortunes have shrunk so much as during the past three years. Men who were supposed to be on the inside paid the highest prices for stocks when the market was soaring. Many of them have become bankrupt. All of them have had to curtail their scale of living. The "great leaders" have in many cases turned out to be poor guides, if they have not actually led the country into the debacle of the past three years.

We should take with considerable caution

these write-ups of men in the success magazines who for the moment seem to make a great go of their business. One needs only to go back to the files of some of those magazines to learn how many of these write-ups were premature, to say the least. Mr. Gerard's rulers have followed in the train of many of those whose meteoric rise to fame or wealth stirred the imagination of success writers of a dozen years ago.

A Kansas woman won a \$1000 prize for a short story. There ought to be another prize for the one who discovered a woman who could really tell a short story.

TO WHAT PURPOSE?

We note by the morning dispatches that workers in the California Institute of Technology are planning a new type of engine which they believe, in an airplane, will make 1000 miles per hour.

Possibly so, but what's the reason for the hurry? Is it to get away or to arrive? There are few people so important that their presence in two or three places at the same time, or almost the same time, seems to be quite necessary. And yet probably this importance is very largely imaginary.

Speed has been developed in all manner of conveyances beyond necessity, and certainly beyond safety. Being catapulted through the air from here to Chicago in two hours on rare and isolated occasions, might be interesting, and once in a lifetime worthwhile. But while the means of inter-communication and these fast moving devices for transportation do aid us in the number of personal contacts and groups which we are able to make in a day, it is rather doubtful if the people would not get more out of life if speed would be reduced, and the instantaneous means for inter-communication in remote distances, should be forgotten.

Our lives are now such a bundle of little things that it seems as though we do not have leisure for meditation and thoroughness. We are not suggesting this as being against progress, but we do raise the question as to whether certain phases of our progress have made us more happy.

Gold in Human Nature

Christian Science Monitor

When the full story of the last three years is told, many threads of gleaming gold will be found where only dull lead seemed visible during a difficult economic period. A particularly bright thread is the innate integrity which the "university of hard knocks" has discovered to a somewhat skeptical world to be actually the rule and not the exception.

Mr. William S. Brown, manager of the Hotel Times Square, New York, urges extension of a plan he has already put into operation for housing jobless men and women of the white collar class during the winter months. His hotel offers 10 per cent of its rooms to such persons who are furnished with credentials from any religious or social organization, the room rent to be waived for six months and ultimate payment deferred for three years. Such a plan, Mr. Brown says, if generally adopted, would afford shelter to 500,000 during the cold weather.

As a reason for his conviction that this practical philanthropy will result in no loss to hotels, Mr. Brown cites his own experience. Predicting that hotels following up his suggestion will receive ultimate payment from those so helped, he states: Last year fifty rooms in the Hotel Times Square were given to unemployed, and more than 25 per cent of the men and women found employment and offered to reimburse the hotel, but we refused payment. There will be no embarrassment, as no one will know what guests are nonpaying, and no special section will be set aside for the persons we aid.

The thread of gold in this case seems to have turned out to be a rich and precious deposit composed of fine confidence in the inherent honesty of mankind and justification of that confidence by its gratifying results.

Rainbow Chase Never Ends

San Francisco Chronicle

The prescription for the elixir of life laid before the London medical exhibition by an Italian doctor has many of the elements of an age old formula. It consists of a solution of gold, platinum and palladium, mixed iodine, phosphorus, formic acid, with brain extract tossed in with other ingredients. It is in the injection of the precious metals into the prescription that the newest formula to prolong life resembles the dreams of men that come down to us from the haze of distance.

Long before Ponce de Leon's quest of the perennial fountain was cut short by a poisoned arrow launched from a Florida bow, the ancients dreamed of finding immortality in precious stones and metals. If Egypt burned gums and spices to restore to the mummy the odor and warmth of life, jade reached a mystic estate in China, and in India pearls were thought to be revivifying emanations of the moon goddess. Gold became a symbol of longevity and perhaps of immortality.

So runs the dream of the ages and so shall run. Old men will still dream of being restored by magic formula to riotous youth and belated seek wherever it may be found a prescription to regain their girlhood. But always in these prescriptions the natural and the supernatural tend to merge. The problem of science has been to throw out the supernatural.

Fish Lungs May Change Life Along the Beaches

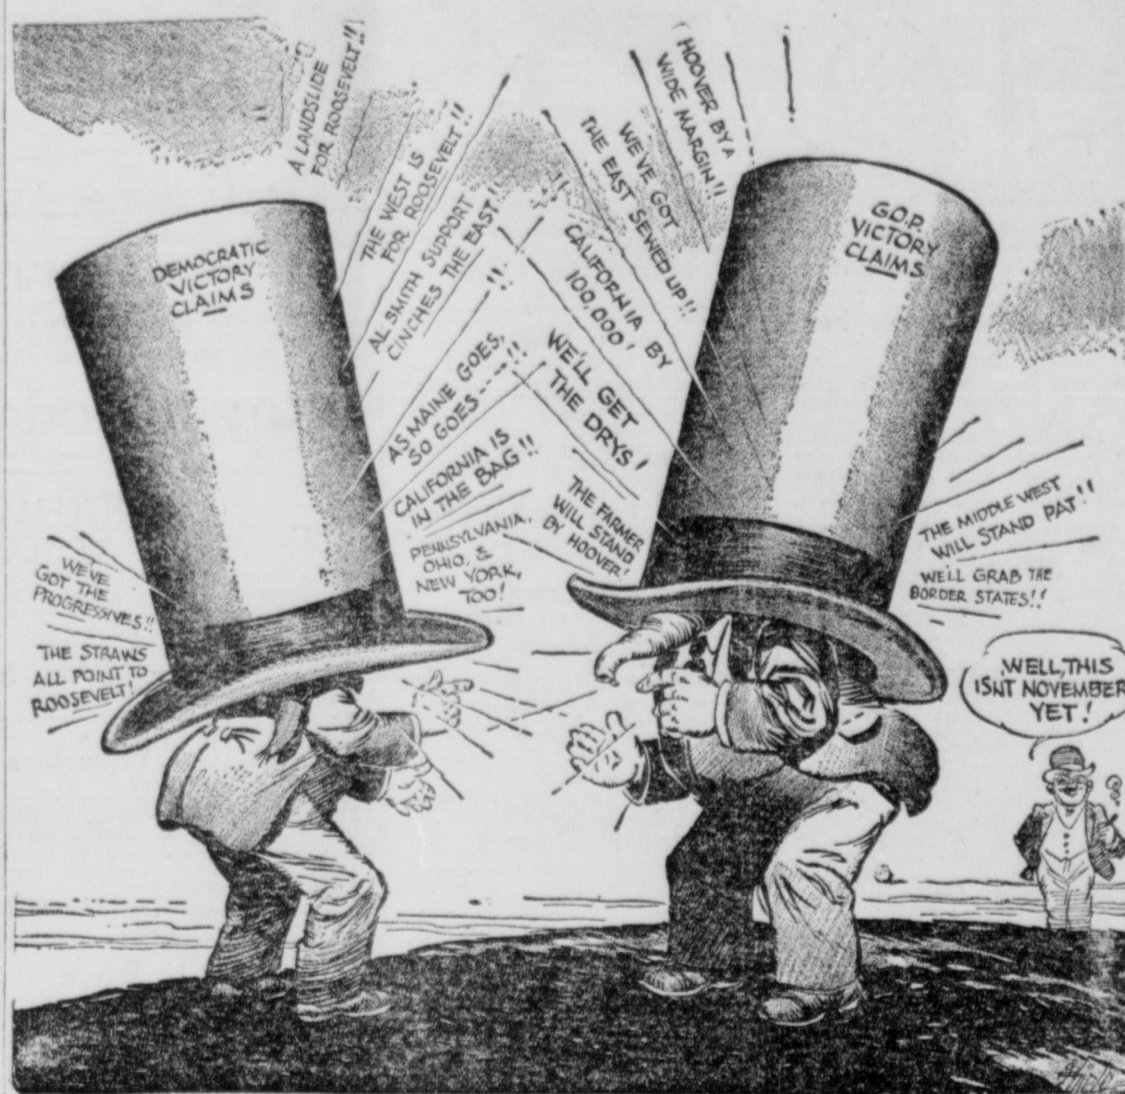

San Bernardino Sun

Men have long envied fishes, which are able to breathe water and get the oxygen out of it as we do with air. At last there is a prospect of human beings copying the fishes. A Spanish inventor claims to have a device which virtually supplies people with "fish lungs," filtering the oxygen from the water and making it available for breathing in a fresh air chamber. He says that with this contrivance he has remained under water for eight hours. The marine ministry at Madrid has agreed to an official test.

This should be a wonderful boon to professional divers. It should also boost the pearl and sponge industries and help submarine searches for sunken treasure.

The general effect at bathing beaches, however, might not be so good. Imagine smart young fellows at every swimming place going down with fish lungs for diving marathons, some of them without telling anyone about it. There would be an exciting time for life guards, police and fire departments.

Talking Through Their Hats

More Truth Than Poetry

By James J. Montague

BACK TO EVE

When the early Assyrian maid
Wanted beauty, and wanted it quick,
She did up her hair in a braid
And baked it a while in a brick.
And the blades of the day, so historians tell,
Approved these tansorial messes
And even the King of Assyria fell
For the crinkly and clay-crumpled tresses.

It is not recorded of Eve
That she ever resorted to art
In order that she might achieve
The conquest of anyone's heart.
But if she had not any natural curls
To win the devotion of Adam,
Being one of the sex that were later called girls
She probably WISHED that she had 'em.

Both Caesar and Anthony fell
For the lady they may have called "Pat,"
And I'm fully convinced that his belle
Wore crinkled hair under her hat.
For men, be they diffident, timid and small,
Or blustering brutal and burly,
In the private opinion of women are all
Admirers of locks when they're curly.

And so, when your girl or your wife,
When bid to a dinner or hop,
Takes an afternoon out of her life
To spend at a hairdresser's shop,
Don't think that she does it because she is vain
When she holds her head up for inspection;
She does it alone in the hope to retain
Your firm and unwavering affection.

Pop was smoking and thinking
in his private chair and ma was
pushing crooked things strate and
strate things crooked, saying, Well,
this house may not be going to
everlasting rack and ruin, but it's
certainly in crying need of the
plumber and the carpenter and
the painter. To start from the bot-
tom and work up, if we don't get
that furnace crack working prop-
erly we'll find ourselves with no
heat at all just when we need the
most, and Nora declares she'll
leave this house never to return
if her kitchen faucet doesn't stop
leaking either of its own volition
or with the plumber's assistants,
and I declare I'll go with her if
that blud cordling creek isn't tak-
en out of my bedroom door, and
I'm ashamed to look the inside
vestibule door in the face any
more with those scratches on it,
she said.

And the grand general result
will be more bills, pop said. That's
the kind of thing that keeps the
high cost of living at a permanent
level, this constant calling in of
outsiders to keep your house in
order, he said.

Well what are we going to do,
continue to live in a changeless
atmosphere of drips and squeaks
and underheating? ma said, and
pop said, Not at all, but in the
days of old, when householders
were bold, they drew their own
water and stopped their own leaks
and felled their own wood at the
expenditure of a little manly vig-
or and practically no money, and
I was just figuring that with a
little paint and a few appropriate

a few dollars, and you know wire

maybe if I bet on every frame I
can lose quite a lot of money, he

In the Long Ago
From The Register Files
14 Years Ago Today

OCTOBER 21, 1918

City Attorney W. R. Garrett of
Orange, received a card from his
former law partner, Stanley Rein-
haus, announcing the latter's safe
arrival overseas.

One of the most daring robber-
ies in the county took place in
Anaheim where burglars entered
the Anaheim postoffice by means
of a transom window in the lobby,
and ransacked the mail lying in
the office, opening a number of
packages. It was believed that a
number of letters were stolen as
there were not nearly so many as
usual in the receiving bin. The
thief made his exit by the rear
door, using the keys which were
hanging on the wall.

Thoughts On Modern
Life

By GLENN FRANK

SCHOOLS AND HYSTERIA

The other day I spoke of the
current tendency upon the part of
some politicians to emotionalize
our politics.

At a time when all the resour-
ces of statesmanship are needed to
tackle the immediately urgent is-
sues of economic recovery and
stabilization, there are politicians
who seek to distract the mind of
the voter from such issues by
shouting about the menace of rad-
ical propaganda, the importance
of protecting the ideals of the
American home, the necessity of
safeguarding the faith of the fa-
thers, and so on.

As much as any living Ameri-
can I want to see America kept
immune to communism, to domes-
tic laxity, and to a subversive ir-
rational.

But I grow sick at heart when
I am forced to listen to shallow-
minded and hypocritical politicians
attempt to whip voters into a
frenzy by weeping over the decay
of the American home that their
own economic policies are under-
mining, by shouting about the
menace of a radicalism do most to
stimulate, and by crying about
their devotion to faith, when hun-
ger is doing more than all the
blatant atheists of the world to

make men doubt the friendliness
of the universe to man.

As I have said before, periods
of profound economic depression
give rise in succession to two dis-
tinct moods. They are:

(1) The first phase of a depres-
sion induces a mood of respon-
sible self-criticism of the leaders,
the policies, and the institutions
of the pre-depression period.

For the first year and a half
of the present depression this first
mood of responsible self-criticism
was evident in the political, social
and economic discussion of the
United States.

(2) As the depression went into
its second phase a second mood
appeared. As the economic depres-
sion continued, a growing concern
lest our political, social, and eco-
nomic order might collapse, has
given rise to a kind of unuttered
terror which has begun to foster a
blind striking out against any-
thing and everything that may not
fit the fancy of the striker.

This mood is dangerous for the
schools.

We shall, if the depression con-
tinues, hear more and more at-
tacks upon the schools as breeders
of subversive ideas. The whole
enterprise of free inquiry will fall
under fire. For the sake of the
future, this mood must be watched.

COMPETITION

It is an excellent human quality,
this ambition to excel. It is the
stimulus of growth. Few of us
can run our best without a pace
maker and a goal with a prize in
view. Teachers found this out long
ago and made the most of it.

Look at this, John Smith. Five
right out of ten. Fifty per cent.
Harold, you got a hundred. That's
a mark to be proud of. If I were
you, John Smith, I wouldn't let
Harold show me up like that.
Maybe he is smarter than you
are?"

"Finished already Caroline? Al-
ways the first. Gertrude, aren't
you ever going to catch up to
your friend? She's leaving you far
behind. Don't let her beat you like
that."

Such prodding stirs the com-
petitive instinct to action. John
Smith will bend every energy to
beating Harold, and Caroline will
shut her teeth and dig her pencil
into the paper in stern determi-
nation never to let the slower Ger-
trude catch up to her. As the race
grows closer the teacher's cheers
grow louder, more insistent.
"Come on, you John Smith. You're
catching him. Come on, you're
going to win."

Ambition has been stirred but
it was of that kind of ambition
worthy men have died. It is an
unworthy ambition. It rested on
personal grudging, fear, and final-
ly hatred. Bitter feeling is the
certain result of such competition.
The children take sides, the par-
ents take sides and soon the com-
munity is involved in a wasteful
struggle to place their entry first.
Victory costs too much.

Competition is essential to sur-
vival, but the competition should
be centered upon one's self.
It is much harder to get a child

to compete with his self of yester-
day than it is to stir him to
fight against his classmate. But
when we consider the aim of this
competition there can be no ques-
tion about it. So, we want to
foster. We will put a soft pedal
on any competition that pits one
child against another. The only
growth the child is concerned in
is his own. It should be that
growth he competes against and
for.

Let each child have a plotting
sheet. Teach him how to make a
curve of his progress in the sub-
jects that you think he needs to
cultivate. Spur his interest on with
all your might but keep it on that
red line he is tracing on the sheet.
He will be just as 'thru' to see
it take on height as ever he could
be to see himself downing a class-
mate.

Even then we have to be on
guard against the wrong sort of
competition. One child will have
a higher peak than another, and
more of them but if you have
made the meaning of the chart
plain no harm can be done.

Donald was quick in mathemat-
ics and Richard rather slow. Don-
ald proudly displayed his plotting
sheet with his height, almost
level. Richard looked at it with
little show of interest. "Hm. You
started at ninety. Haven't got
much past it, have you?" That's
the sort of competition that will
get somewhere without hurting
anybody. I'm for it.

GERMANS ASK TRUCE

On October 21, 1918, Germany
suggested to President Wilson ar-
rangements for an armistice, an-
nounced that her submarines
would be restricted and told of
government reforms.

The allies advanced on a 90-
mile front from the Dutch border
to the Oise, east of St. Quentin.
Germans in northern Belgium were
forced back upon Ghent and the
Scheldt.

In the Balkans, French troops
reached the Danube near Vidin
shelled an enemy monitor and
drove it ashore.
